NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*Limited*), ont été donnés par la compagnie. Le dépôt de la compagnie, $51,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

REFERRING to Notice to Mariners, Nos. 32 of 1887 and 10 of 1888, notice is hereby given, that from the opening of navigation until danger from floating ice is past, one of the Government Steamers will be moored at the station of the Lower Traverse Lightship, and that her steam whistle will be sounded during fog. She will then be replaced by a Schooner without a steam fog alarm, but having a hand fog horn on board, which will be blown in answer to signals from passing vessels.

Deputy Minister of Marine.

Department of Marine,
Ottawa, 5th April, 1888.

☞ All bearings are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notices of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters, to the Deputy Minister of Marine, Ottawa, Canada. 43-3

NOTICE TO MARINERS.

No. 13 of 1888.

REMOVAL OF ADVOCATE HARBOR LIGHT.

THE Lighthouse at Advocate Harbor, in the Bay of Fundy, County of Cumberland, Nova Scotia, has been removed from the north-west side to the southern side of the channel at the entrance of the harbor, a distance of about 400 yards.

Lat.	N.	45°	19'	22"
Long.	W.	64°	47'	40"

The light in its new position will be put in operation on the 1st April, 1888, and will be, as heretofore, fixed red, visible from all points of approach. It must be left on the starboard hand by vessels entering the harbor.

The tower has had a small dwelling attached to it, which somewhat alters its appearance. In other respects the light and building are unchanged.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. **The deposit on** account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association* (*Limited*), have been given by the Company. The deposit of the Company, $58,993 Canada 4 p. c. bonds is still in the hands of the Receiver General.

PHARE-BALISE DE LA POINTE McTAVISH.

CE qui suit est une description du phare-balise érigé à la Pointe McTavish, sur la rive nord de la rivière Outaouais, dans le comté d'Argenteuil, qui a fonctionné depuis l'ouverture de la navigation en 1886. Ce bâtiment se trouve sur l'emplacement de l'ancienne tour sur l'extrémité de la Pointe-Basse, environ 6 milles à l'ouest du quai de l'Orignal.

Lat. N. 45° 39' 15"
Long. O. 74° 50' 0"

La lumière est blanche fixe, donnée au moyen d'une petite lanterne dioptrique hissée à un mât ; elle est à une hauteur de 30 pieds au dessus du niveau ordinaire de la rivière, et devrait être visible à une distance de 10 milles en amont et en aval de la rivière.

Le mât a 20 pieds de hauteur, et à son sommet est attaché un écran en forme de diamant de 10 pieds carrés, faisant face en travers de la rivière, pour le rendre apparent comme balise de jour ; à sa base il y a un petit appentis en bois. Toute cette superstructure est peinturée en blanc, et repose sur une jetée en caisson de 10 pieds de hauteur.

VU les Avis aux Marins, Nos. 32 de 1887 et 10 de 1888, avis est par le présent donné qu'à compter de l'ouverture de la navigation jusqu'à ce que le danger provenant de la glace flottante soit disparu, un des vapeurs fédéraux sera ancré à la station du bateau-phare de la Traverse d'en bas, et son sifflet à vapeur se fera entendre dans les temps de brume. NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*Limited*), ont été donnés par la compagnie. Le dépôt de la compagnie, $54,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company. The deposit of the Company, $58,993 Canada 4 p. c. bonds is still in the hands of the Receiver General.

PHARE-BALISE DE LA POINTE McTAVISH.

CE qui suit est une description du phare-balise érigé à la Pointe McTavish, sur la rive nord de la rivière Outaouais, dans le comté d'Argenteuil, qui a fonctionné depuis l'ouverture de la navigation en 1886. Ce bâtiment se trouve sur l'emplacement de l'ancienne tour sur l'extrémité de la Pointe-Basse, environ 6 milles à l'ouest du quai de l'Orignal.

Lat. N. 45° 39' 15"
Long. O. 74° 50' 0"

La lumière est blanche fixe, donnée au moyen d'une petite lanterne dioptrique hissée à un mât ; elle est à une hauteur de 30 pieds au dessus du niveau ordinaire de la rivière, et devrait être visible à une distance de 10 milles en amont et en aval de la rivière.

Le mât a 20 pieds de hauteur, et à son sommet est attaché un écran en forme de diamant de 10 pieds carrés, faisant face en travers de la rivière, pour le rendre apparent comme balise de jour ; à sa base il y a un petit appentis en bois. Toute cette superstructure est peinturée en blanc, et repose sur une jetée en caisson de 10 pieds de hauteur.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*Limited*), ont été donnés par la compagnie. Le dépôt de la compagnie, $51,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

ACTIVE MILITIA.

DOMINION OF CANADA.

REGULATIONS FOR THE ANNUAL DRILL OF 1888-89.

Corps of Infantry and Garrison Artillery are not to exceed 42 Non Commissioned Officers and men per Company and Battery, including Regimental Staff sergeants and bandsmen.

Field Batteries—1 Major, 1 Captain, 1 Lieutenant, 1 2nd Lieutenant, 1 Surgeon, 1 Veterinary Surgeon, 1 Sergeant Major, 1 Quarter Master Sergeant, 4 Sergeants, 4 Corporals, 4 Bombardiers, 1 Trumpeter, 1 Farrier, 58 Gunners and Drivers and 29 horses, including the officers' and non-commissioned officers' horses.

City and Rural Corps.

2. The maximum number of officers, non-commissioned officers and men to receive pay for drill in each district, will be

Military District	Number	1......	2512

			20,689

The strength of Corps authorized to drill at their local head quarters in each district is to be deducted from the total strength authorized for drill in the district, the remainder will represent the number which may be concentrated in a camp of exercise.

"A" Company Infantry School Corps will join the camp in New Brunswick, "C" Company the camp at Niagara, Ont., and a 2 gun detachment from "A" Battery will join the camp in Districts 3 and 4. As these are paid as permanent Corps they will be in addition to the strength authorized for districts 2, 3, 4 and 8, but will not be included for drill pay.

City Corps.

3. *City corps* (excepting Field Batteries of Artillery, and such companies as belong to Rural Battalions of Infantry) may be permitted to perform twelve days of annual drill at their local head quarters at such

times, prior to 1st December, 1888, as may be most convenient.

The New Brunswick Brigade and Nos. 1 and 2 Batteries Lévis Garrison Artillery are for purposes of drill to be counted as city corps.

Any city company which forms part of a Rural Battalion, can only be permitted to drill for pay, in case it is selected for, and performs such drill in camp with the battalion to which it belongs.

Rural Corps.

4. Selections to be made from rural corps of the different arms in each district in proportion as their strength bears towards each other. Those not drawn for drill last year to be first taken.

The corps so selected in each of the Districts, numbered 1, 2, 3, 4, 5, 6, 7, 8 and 9 (excluding isolated companies of Infantry and Garrison Batteries of Artillery, but including all Field Batteries of Artillery not otherwise excepted), are to be concentrated for twelve days drill in a camp of exercise, including the day going to and the day returning from camp.

Isolated rural companies of Infantry or Engineers, or Garrison Batteries of Artillery, selected for annual drill of 1888-89, may be permitted to perform the same at their respective headquarters on the same conditions as apply to city corps.

City and Rural Corps.

The Sydney, Winnipeg and Montreal Field Batteries are to drill in camp near their local headquarters under regulations for corps in camp of exercise, except that they will be paid 25 cents per Officer and man, and 35 cents per horse, per diem, to cover cost of transport, rations, forage, fuel for cooking and allowance for camp kettles.

The 1st Brigade Field Artillery will join the Brigade camp in No. 2 District. The strength of these 2 Batteries will be included in the quotas of the District to which they belong.

Excepting the Winnipeg Field Battery the corps drawn for drill in Districts numbered 10, 11 and 12 are to perform the period of drill at their local head quarters under the same regulations as apply to city corps.

If preferred, the corps authorized for drill in District 12 may assemble in one camp under the same regulations, as to subsistance, &c., as apply to Field Batteries in the preceding paragraph. In this case a supply Officer will not be allowed. The staff will consist of the Deputy Adjutant General and Brigade Major.

The Deputy Adjutant General of each district will notify the commanding officer of each corps detailed for drill, as well as those which cannot be paid, and send a return to Head Quarters of the corps warned, and of those which cannot be paid; also a detail of the steps he has taken to make the selections.

The corps not selected, and which cannot be paid, are hereby relieved from the performance of drill during the year 1888-89.

Command and Staff.

The following will be the staff of each camp of exercise:—

In command, unless otherwise ordered, the Deputy Adjutant General of the District, *Staff* 1 Brigade Major, 1 Supply Officer, 1 Camp Quarter Master, 1 Instructor of Musketry, 1 Principal medical officer, five staff non-commissiond officers and when the strength of the camp exceeds 1,500, 1 Orderly officer.

When there are more than four Battalions of Infantry present they should be occasionally divided, for drill purposes only, into two Brigades, and two Officers, not necessarily the senior, selected to command them for practice.

In camps where two or more batteries are present the Officer in command of camp will arrange for them to be brigaded and trained together under the senior Artillery Officer, until fit to be worked with the other branches of the service.

The five Batteries of Artillery at the Camp of Exercise at Niagara, will be brigaded under the command of the Inspector of Artillery—Staff: one Brigade Major and three N.C. Officers, and the four Batteries and the 2 gun detachment Artillery at the camp of exercise in Districts 3 and 4 will be brigaded under the Assist. Inspector of Artillery with a similar staff.

All the temporary Staff should, if possible, having efficiency in view, be selected from among the Officers of the Corps in Camp, thus giving some Officers opportunities of learning Staff duties, and some of learning the duties of the rank above them.

The neatness and appearance of the men are to be looked to. Caps and helmets are to be worn properly. Lost buttons and hooks carefully replaced.

Camps.

The dates for the several camps of exercise will be as follows:—

District 1	19th June, 1888.
2	12th do
3 & 4	19th do
5	26th do
6	26th do
7	3rd July, 1888.
8	26th June do
9	4th Sept. do

In making the selection of a site the qualifications for camping and moving troops, and the convenience for rifle shooting should be first considered; and then the position, as regards convenience for the assembly of the different Corps.

Each Camp must have a rifle range and appliances for target practice.

The principal care will be paid, 1st, to instruction in rifle practice.

2nd, To instruction of officers and men in drill in extended order for skirmishing as well as for attack formation in accordance with the Regulations laid down in Field Exercises of 1884, in parts I, II and III. Little or no time will be given to marching past which is purely a parade movement and should be practised and learned before or after the assembly of the Camp.

No Officer or man will be allowed to live or sleep out of Camp, except by permission of the Officer Commanding the Camp (who should invariably live in Camp himself), which should only be granted as special case.

Only one Union Jack should be flown in a Camp and that in front of the tent of the Officer Commanding, which should be hoisted at sunrise and struck at sunset. Regiments might use red banneroles with their number or badge thereon—the Commanding Officer having a larger bannerole in front of his tent.

The wives, female friends, or children of officers or men are not to be lodged within the lines of any camp of instruction.

TRANSPORT.

The regulations relating to transport are to be followed to the extent they apply to services connected with camps of exercise.

The Deputy Adjutant General in each District will specify the routes by which corps must proceed in going to and returning from camp.

Requisitions for transport by railway or steamboat will be issued by the Deputy Adjutant General of the District, who will also check as to rates and numbers claimed for, all accounts for transport services.

Except as otherwise provided, only officers and men *bonâ fide* proceeding to perform drill in camp are to be allowed transport.

Troops of Cavalry and Field Batteries of Artillery whose local head quarters are within 25 miles, and all companies of infantry whose head quarters are within 6 miles of the place of encampment, are to march to camp.

All corps whose head quarters are within 6 miles of the railway station or steamboat wharf from which they are to receive transport, will march to that railway station or steamboat wharf.

Companies of Infantry whose head quarters are more than 6 miles from the railway station or steamboat wharf from which they are to receive transport will be allowed six cents per officer and four cents per man, per mile, for the number of miles necessarily travelled by ordinary wagon road going to an returning from that station or wharf.

A similar allowance will be paid to companies whose head quarters are more than 6 miles from the place of encampment, and from whence no railway or steamboat can be made available for transport over any portion of the journey.

SUBSISTENCE.

Deputy Adjutants General of District will advertise for tenders for which authority has been obtained, and carry out the provisions relating to *Tenders*, Regulations and Orders, 1887. The *Tenders* are required *in duplicate*, addressed to the Minister of Militia.

RATIONS.

As the issue of rations in camp will not commence until the morning of the second day, corps proceeding to join will be required to provide one day's cooked rations and one day's forage. Twenty-five cents per officer and man and thirty-five cents per horse will be issued in money in lieu of rations for the first days of camp.

The Deputy Adjutant General of the District may, if he prefers, issue a half ration of food and forage on the first and last day of camp instead of one full ration on the last day.

In addition to his ordinary equipment each officer and man must supply himself with and take to camp one knife, fork and spoon, one tin plate and one tin drinking cup. Each company must provide one butcher's knife, one meat fork, one shovel and one axe. Each battalion must provide camp kettles and necessary cooking ustensils.

The Supply Officer is to be guided by the Regulations and Orders, 1887, in respect to all receipts and issues. Sub-sections 2, 3, and 4 of paragraph 617 are not to apply to camps of exercise.

Fuel for cooking will be issued on the scale laid down in paragraph 619 of Regulations and Orders, 1887; and an allowance at the rate of six dollars per troop and company and ten dollars per field battery of artillery will be paid to each corps to enable them to provide camp kettles, if such have not been supplied by the public.

The arrangements for cooking are to be the same as for actual service—cooking stoves are therefore not to be taken to camp by any corps at the public expense.

The supply officer will be allowed one day after closing of camp to arrange for delivery of supplies from contractors and for closing his accounts. He should, however, so systematize his work in camp as to insure his having all vouchers and accounts for each day properly fyled and completed during that day.

TENTS AND BLANKETS.

Necessary tents, and one blanket per officer and man, for camps in June; and two blankets per officer and man in camps in September, will be supplied on application of each commanding officer, under the provisions of paragraphs 743 to 753 of the Regulations and Orders, 1887.

The camp quartermaster will be allowed one day before opening and one day after closing of camp, to arrange for issue of, and to receive over, and return camp equipment to store and close his accounts.

The quartermaster may proceed one day in advance of his corps, in order to make necessary arrangements for the encampment of his corps under instructions from the Deputy Adjutant General of the District. He will also, if required, remain one day for duty after the camp breaks up.

If the weather is unfavourable and tents wet when camp breaks up, the Deputy Adjutant General of the District will use his discretion in giving orders for the protection of the public interests in respect to the articles to be returned to store.

MEDICAL REGULATIONS.

A medical inspection of every officer, non-commissioned officer and man is to be made, if possible, *before* the men leave the corps' head quarters; when that is not possible, then the medical examination must be made immediately after the corps goes into camp, and a full report relating to each man shall be made in a written return to the Commanding Officer.

This inspection is with a view of ascertaining, 1st.: Whether the man is labouring under disease of any kind at that time, such as rheumatic affections; diseases of lungs or heart; or of any of the viscera of the abdomen; or under any form of the syphilitic disease; or is short-sighted; or has any disease or injuries of any of the joints; or badly shaped feet or overlapping toes, which would prevent his marching; 2nd. If the man has any predisposition to any of the above diseases, or has recently suffered from any of them, or if he has any other disqualification which may render him unfit for service, or predispose him to become inefficient from exposure.

Such men, if any be found, are not to be permitted to go to, or remain in camp, as well for their own sakes, as to prevent claims for compensation being made upon the public on account of illness on the part of men who are not fit for service.

The senior medical officer belonging to the corps in camp will be Principal medical officer. He will establish one hospital for the camp, where patients will be attended to by the medical officers of their respective corps. Such medical officers will be supplied with medicines, etc. by the Principal medical officer from the box of medicines issued to him for the purposes of the camp.

The Surgeon of each Battalion and Field Battery will make out a sick report every morning, and transmit a copy to the Principal medical officer, who will keep an admission and discharge Book, of all cases taken into Hospital, according to Form B. (No. 283.)

Each Principal medical officer will give a receipt for all articles of medical equipment which may be issued to him for the use of the Brigade, for the care and proper expenditure of which he will be responsible; and on being relieved from duty he will return all medical stores, articles of equipment and medicine remaining unexpended into the District Stores, with a list of the materials which have been expended by him, on complying with which his receipt will be returned to him.

Such wine or spirituous liquor, as may be prescribed for use in cases of illness must, if procured, be paid for by the person requiring the same.

No expense to be incurred by medical officers on account of Government, without previous authority for such being obtained.

CASUALTIES.

In any case of serious illness or accident, the Principal medical officer shall, in conjunction with the commanding officer of the camp, make such immediate arrangements, as may be necessary, sending the patient, if possible, at once to his home or the nearest Hospital. A minute report to Head Quarters of all circumstances connected with the case will be made.

Ammunition.

Each Field Battery of Artillery will be allowed 100 rounds, and each Garrison Battery 20 rounds of Blank Ammunition, for Exercise and Practice.

Ammunition previously issued for exercise and practice, and not expended by the corps, to be deducted from the number of rounds authorized to be issued this year.

Annual gun practice of Field Batteries will be held in Ontario and Quebec under arrangements similar to those in force for the past year, the Inspector of Artillery will make the necessary arrangements.

CORPS ARMED WITH RIFLES.

Attention is to be paid to the cleaning of arms and appointments while in Camp.

Twenty rounds of ball and 20 rounds of blank ammunition for practice, under the provisions of paragraphs 437 to 446 inclusive of the R. and O. 1887, will be allowed to each man authorized to drill.

TARGET PRACTICE.

Too much care cannot be devoted to musketry instruction. It must be carried out in every camp.

Target practice affords proof of the attention bestowed on position drill and aiming drill. Company officers are reminded that the former of these drills can be carried out with advantage during the first morning parade daily, and by individual men when lying down "at ease."

Each man must expend, under supervision of the musketry instructor and senior company officer present the number of rounds of ball ammunition authorized for that purpose, and no man is to use more than his share of the Government allowance, viz., twenty rounds.

In carrying out target practice, every man will fire 5 rounds at 100 and 5 rounds at 200 yards, standing; 5 rounds at 300 yards, kneeling; and 5 rounds at 400 yards, *any military position.*

"Standing," "kneeling," and "lying down," as defined in the position drill, are the recognized military positions.

At the conclusion of the individual firing a classification is to be made, when those who have obtained 40 points will be classified as first class shots; those obtaining 30, but failing to obtain 40, as second class shots; and those failing to obtain 30, as third class shots. At 100 and 200 and 300 yards the targets shall be 4 feet wide, having a bull's eye 1 foot diameter, centre 3 feet diameter, outer remainder of target. At 400 yards, target 6 feet wide, bull's eye 2 feet diameter, centre 4 feet diameter, outer remainder of target.

Value of Points.—Outer, black disc or flag, 2; centre, black and white disc or flag, 3; bull's eye, white disc or flag, 4. The signal for danger or cease firing is in all cases to be a red flag; on no account is a shot to be fired when the danger flag is up at the marker's butt.

No man is ever to load until all is clear for him to fire, and if it becomes necessary for any purpose to cease firing, any man whose rifle is loaded will at once unload, remaining unloaded until the order is given to resume the practice.

EXAMINATIONS.

During the drills the Commanding Officer of the camp will test the qualification of the officers of each corps for the performance of their several duties—Company Officers in the drill of their Company or Battery, and Field Officers and Adjutants in the drill of their Battery, Battalion or Brigade as the case may be. The respective officers to be called out separately, to give words of command, and explain the nature of required movements.

A confidential report is to be made for Head Quarters by the Commanding Officer of the camp, in which his opinion as to the qualification of each officer, and the test to which he has been subjected is to be clearly stated.

The printed questions already issued by the Inspector of Artillery will be used by that Officer at the inspection of Artillery Corps.

INSPECTIONS.

Deputy Adjutants General are directed to forward a statement to Head Quarters, shewing the dates on which corps in their respective districts will complete drill and be ready for inspection.

The inspections of all corps on completion of drill are to be made in the field during the day time, with the exception of Brigades of Garrison Artillery, which may be made at such time and place as may be found most convenient. This inspection should coincide with the annual inspection and muster of the Corps by the District Staff.

At inspections great stress is to be laid on the cleanliness of Arms, the correct fitting of accoutrements, and the manner in which Guards and Sentries perform their duties, and as regards the knowledge of their Men as well as of their Company Drill, by Company Officers and Non-Commissioned Officers.

Cleanliness of all parts of the camp and its neighbourhood must be attended to, and reported on by inspecting officers.

Before the men are dismissed, the names on the service roll are to be called in presence of the Inpecting Officer, who, before certifying to the pay list must compare such names with those on the pay-list and see that each person for whom pay is claimed is vouched for as entitled to receive it.

PAY.

City, and other corps, which drill under the regulations for city corps, will receive the net pay of their respective ranks.

The commanding officer of each camp will be allowed five dollars, and each other officer on the authorized strength of the staff of a camp of exercise will be allowed two dollars and fifty cents per diem in camp in lieu of subsistence, together with free forage and one dollar per diem for one horse if a horse is required and used by him in the discharge of his duties as a mounted officer.

Each non-commissioned officer on the authorized strength of the staff of a camp of exercise will be paid an allowance of fifty cents per diem in addition to pay of rank, in lieu of rations.

The officers, non-commissioned officers and men of such corps as drill in camps of exercise will be paid for each day's drill the net pay of their respective ranks as laid down in paragraphs 865 and 866 of the Regulations and Orders for 1887. For horses of mounted officers and corps one dollar per diem, in addition to free rations (for officers, non-commissioned officers and men) and free forage (for horses). If straw is not required its equivalent in value of either hay or oats may be issued instead if required.

Such quartermasters of Battalions as proceed to camp one day in advance of their corps will be paid an allowance of one dollar per diem, in addition to pay of rank, for that day and the first day of encampment, also a similar allowance for any day or days any of them remain after camp breaks up for duty under order of the Deputy Adjutant General of the District. Neither rations nor any other allowance in lieu will be issued for those days.

Troops of Cavalry are restricted to 35 horses each, for pay.

No mounted officer shall receive pay for more than one horse, actually used by him.

The pay for horses shall cover any expenses incurred for shoeing while at drill.

Neither pay, allowances or rations are to be issued to or for any officer or man for any day or days he is absent from camp.

Pay will not be issued to any Battery of Garrison Artillery or Company of Engineers or Infantry unless not less than 2 officers and 32 men belonging to the Corps have performed the days of annual drill under these regulations.

Before any corps receives pay, the commanding officer shall be required to certify in his own handwriting, at the end of the pay list of his corps, that each officer, non-commissioned officer and man for whom pay is demanded, was *actually present* with his corps and performed the number of days of drill for 1888-89 specified opposite his name.

The attention of Staff Officers, Commanding Officers of all arms and Captains of Troops, Batteries and Companies is specially called to the form of certificate they are required to append in writing at the foot of pay lists. They will be held responsible by the Department that these pay-lists are correct; they must therefore see that the number of days' drill enterred thereon opposite the names of officers, non-commissioned officers and men are only for such days drill as each such officer, non-commissioned officer or man has actually performed with his corps during the year for which payment is demanded. If any person performs less than the authorized number of drills, with his corps, he is only to be paid for the actual number of days' drill he has performed in such manner.

REPORTS.

In his annual report, the Inspecting Officer is to specify that he has complied with the provisions of this order.

McTAVISH POINT BEACON LIGHT.

THE following is a description of the beacon light building at McTavish Point, on the north bank of the Ottawa River, in the County of Argenteuil, which has been in operation since the opening of navigation in 1886. The building stands on the site of the old tower on the extremity of the lower Point, about 6 miles westerly from L'Orignal wharf.

Lat.	N.	45° 39' 15"
Long.	W.	74° 50' 0"

The light is fixed white, shown from a small dioptric lantern hoisted on a mast; it is elevated 30 feet above the ordinary level of the river and should be visible 10 miles both up and down stream.

The mast is 20 feet high and has attached to its upper part a diamond shaped screen 10 feet square, facing across the river, to make it conspicuous as a day beacon; at its base is a small wooden shed. The whole of this superstructure is painted white and stands upon a cribwork pier 10 feet high.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company. The deposit of the Company, $58,993 Canada 4 p. c. bonds is still in the hands of the Receiver General.

No. 14 de 1888.

PHARE-BALISE DE LA POINTE McTAVISH.

CE qui suit est une description du phare-balise érigé à la Pointe McTavish, sur la rive nord de la rivière Outaouais, dans le comté d'Argenteuil, qui a fonctionné depuis l'ouverture de la navigation en 1886. Ce bâtiment se trouve sur l'emplacement de l'ancienne tour sur l'extrémité de la Pointe-Basse, environ 6 milles à l'ouest du quai de l'Orignal.

Lat. N. 45° 39' 15"
Long. O. 74° 50' 0"

La lumière est blanche fixe, donnée au moyen d'une petite lanterne dioptrique hissée à un mât ; elle est à une hauteur de 30 pieds au dessus du niveau ordinaire de la rivière, et devrait être visible à une distance de 10 milles en amont et en aval de la rivière.

Le mât a 20 pieds de hauteur, et à son sommet est attaché un écran en forme de diamant de 10 pieds carrés, faisant face en travers de la rivière, pour le rendre apparent comme balise de jour ; à sa base il y a un petit appentis en bois. Toute cette superstructure est peinturée en blanc, et repose sur une jetée en caisson de 10 pieds de hauteur.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amerique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association (Limited)*, ont été donnés par la compagnie. Le dépôt de la compagnie, $51,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*Limited*), ont été donnés par la compagnie. Le dépôt de la compagnie, $51,993 obligations 4 p c. du Canada est encore entre les mains du receveur général.

"In the name of the Commons, I present to Your Excellency the following Bill:—

An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the Public Service, for the financial years ending respectively the 30th June, 1888, and the 30th June, 1889, and for other purposes relating to the Public Service,

to which Bill I humbly request Your Excellency's assent."

To this Bill the Royal assent was signified in the following words:—

"In Her Majesty's name, His Excellency the Governor General thanks Her Loyal subjects, accepts their benevolence, and assents to this Bill."

After which His Excellency the Governor General was pleased to close the Second Session of the Sixth Parliament of the Dominion with the following

SPEECH:

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In terminating the present Session of Parliament I desire to record my appreciation of the earnestness and zeal which you have shown in the performance of your public duties.

The measure for the ratification of the Fisheries Treaty agreed upon at the opening of the present year between Her Majesty's Plenipotentiaries and those of the United States, to which I have given the Queen's assent, will, I believe, be viewed with satisfaction by the people of the whole Dominion, as affording a crowning proof of Canada's constant desire to arrive at a just and honourable settlement of all questions arising out of the interpretation of the Convention of 1818.

I venture, with some degree of confidence, to hope that the several authorities whose sanction of the Treaty is necessary to its operation, may not be insensible to the great advantages to both countries which the removal of so fruitful a source of ill feeling is calculated to entail.

The arrangement under which the Canadian Pacific Railway Company has relinquished the exclusive privileges possessed by it in virtue of Article 15 of the original agreement between Her Majesty and the Company will, I anticipate, meet with general acceptance, and by increasing its financial strength, enable the Company to keep pace with the ever-growing requirements of the vast region which the railway serves.

The extension to the people of the North-West Territories of a larger measure of self-government than they have hitherto enjoyed, is satisfactory evidence of the rapid development of that important portion of the Dominion, and will, I trust, be attended with beneficial results.

The prospects for a large immigration this year of a desirable class of settlers are, I am glad to believe, exceptionally good.

The various amendments to the laws relating to the Inland Revenue, Railways, The Civil Service and to other Acts affecting the public interests which you

"Au nom des Communes, je présente à Votre Excellence le bill suivant:

'Acte pour accorder à Sa Majesté certaines sommes nécessaires pour subvenir à certaines dépenses du service public, pour les exercices expirant respectivement le 30e jour de juin 1888 et le 30e jour de juin 1889, et pour d'autres objets liés au service public,'

que je prie humblement Votre Excellence de sanctionner."

A ce bill la sanction royale a été donnée dans les termes suivants:

"Au nom de Sa Majesté, Son Excellence le Gouverneur Général remercie ses loyaux sujets, accepte leur bienveillance et sanctionne ce bill."

Après quoi, il a plu à Son Excellence le Gouverneur Général de clore la Deuxième session du sixième Parlement de la Puissance par le discours suivant:

Honorables Messieurs du Sénat:

Messieurs de la Chambre des Communes:

En terminant la présente session du parlement, je désire exprimer mon appréciation de l'empressement et du zèle dont vous avez fait preuve dans l'accomplissement de vos devoirs publics.

La mesure pour la ratification du Traité des Pêcheries conclu au commencement de cette année entre les plénipotentiaires de Sa Majesté et ceux des Etats-Unis, à laquelle j'ai donné la sanction de la Reine, sera, je crois, reçue avec satisfaction par la population de tout le Canada comme offrant une preuve incontestable du désir constant du Canada d'arriver à un règlement équitable et honorable de toutes les questions découlant de l'interprétation de la Convention de 1818.

J'espère avec un certain degré de confiance que les différentes autorités dont la sanction du Traité est nécessaire à son opération, ne seront pas insensibles aux grands avantages qui découleraient pour les deux pays de la suppression d'une source aussi féconde d'aigreur et de ressentiment.

L'arrangement en vertu duquel la Compagnie du chemin de fer Canadien du Pacifique a renoncé aux privilèges exclusifs qu'elle possédait en vertu de la clause 15 du premier contrat passé entre Sa Majesté et la compagnie sera, je le prévois, accepté par tous, et, en augmentant ses ressources financières, il permettra à la compagnie de répondre et subvenir aux besoins toujours croissants de la vaste région que dessert son chemin de fer.

L'extension à la population des territoires du Nord-Ouest d'une plus grande autonomie que celle dont elle a joui jusqu'à présent est une preuve satisfaisante du rapide développement de cette importante portion de la Confédération, et aura, je l'espère, des résultats avantageux.

Je suis heureux de croire que la perspective d'une forte immigration d'une classe de colons désirables, est, cette année, plus grande que jamais.

Les différentes modifications apportées aux lois relatives au revenu de l'intérieur, aux chemins de fer, au service civil et à d'autres actes affectant les intéhave passed, seem well adapted to meet the circumstances which have rendered them necessary.

Gentlemen of the House of Commons :

In Her Majesty's name I thank you for the supplies which you have readily granted for the carrying on of the public service.

Honourable Gentlemen of the Senate :
Gentlemen of the House of Commons :

I cannot take leave of you for the last time without placing on record my deep regret that my official connection with your country should be at an end. It is a source of no slight satisfaction to me to call to mind under these circumstances the fact that within the last few hours you have been pleased to assure me of the favour with which you have regarded my endeavours to discharge the task committed to me by Her Majesty.

My interest in the Dominion will not cease with my departure from its shores, and I pray that in years to come its people may enjoy in abundance every blessing which it is in the power of Providence to bestow.

THE SPEAKER of the Senate then said :

Honorable Gentlemen of the Senate, and Gentlemen of the House of Commons.

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Saturday, the thirtieth day of June next, to be here held, and this Parliament is accordingly prorogued until Saturday, the thirtieth day of June next.

rêts publics, que vous avez adoptées, semblent bien propres à répondre aux circonstances qui les rendaient nécessaires.

Messieurs de la Chambre des Communes :

Au nom de Sa Majesté, je vous remercie des subsides que vous avez volontiers votés pour les besoins du service public.

Honorables Messieurs du Sénat :
Messieurs de la Chambre des Communes :

Je ne puis me séparer de vous pour la dernière fois sans exprimer ici mon profond regret que mes relations officielles avec votre pays soient terminées. C'est une source de grande satisfaction pour moi de rappeler, dans cette circonstance, le fait que dans les quelques dernières heures vous avez bien voulu m'assurer de la faveur avec laquelle vous avez regardé mes efforts pour accomplir la tâche que m'avait confiée Sa Majesté.

L'intérêt que je porte au Canada ne cessera pas avec mon départ de ses rives, et je prie Dieu que dans l'avenir sa population puisse jouir en abondance de tous les bienfaits qu'il est au pouvoir de la Providence de lui accorder.

L'ORATEUR du Sénat alors dit :

Honorables messieurs du Sénat et Messieurs de la Chambre des Communes :

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à samedi, le trentième jour de juin prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à samedi, le trentième jour de juin prochain.

"The Commons of Canada have voted the Supplies required to enable the Government to defray the expenses of the Public Service.

"In the name of the Commons, I present to Your Excellency the following Bill:—

An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the Public Service, for the financial years ending respectively the 30th June, 1888, and the 30th June, 1889, and for other purposes relating to the Public Service.

to which Bill I humbly request Your Excellency's assent."

To this Bill the Royal assent was signified in the following words:—

"In Her Majesty's name, His Excellency the Governor General thanks Her Loyal subjects, accepts their benevolence, and assents to this Bill."

After which His Excellency the Governor General was pleased to close the Second Session of the Sixth Parliament of the Dominion with the following

SPEECH:

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In terminating the present Session of Parliament I desire to record my appreciation of the earnestness and zeal which you have shown in the performance of your public duties.

The measure for the ratification of the Fisheries Treaty agreed upon at the opening of the present year between Her Majesty's Plenipotentiaries and those of the United States, to which I have given the Queen's assent, will, I believe, be viewed with satisfaction by the people of the whole Dominion, as affording a crowning proof of Canada's constant desire to arrive at a just and honourable settlement of all questions arising out of the interpretation of the Convention of 1818.

I venture, with some degree of confidence, to hope that the several authorities whose sanction of the Treaty is necessary to its operation, may not be insensible to the great advantages to both countries which the removal of so fruitful a source of ill feeling is calculated to entail.

The arrangement under which the Canadian Pacific Railway Company has relinquished the exclusive privileges possessed by it in virtue of Article 15 of the original agreement between Her Majesty and the Company will, I anticipate, meet with general acceptance, and by increasing its financial strength, enable the Company to keep pace with the ever growing requirements of the vast region which the railway serves.

The extension to the people of the North-West Territories of a larger measure of self-government than they have hitherto enjoyed, is satisfactory evidence of the rapid development of that important portion of the Dominion, and will, I trust, be attended with beneficial results.

The prospects for a large immigration this year of a desirable class of settlers are, I am glad to believe, exceptionally good.

The various amendments to the laws relating to the Inland Revenue, Railways, The Civil Service and to other Acts affecting the public interests which you have passed, seem well adapted to meet the circumstances which have rendered them necessary.

Gentlemen of the House of Commons:

In Her Majesty's name I thank you for the supplies which you have readily granted for the carrying on of the public service.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I cannot take leave of you for the last time without placing on record my deep regret that my official connection with your country should be at an end. It is a source of no slight satisfaction to me to call to mind under these circumstances the fact that within the last few hours you have been pleased to assure me of the favour with which you have regarded my endeavours to discharge the task committed to me by Her Majesty.

My interest in the Dominion will not cease with my departure from its shores, and I pray that in years to come its people may enjoy in abundance every blessing which it is in the power of Providence to bestow.

The Speaker of the Senate then said:

Honorable Gentlemen of the Senate, and Gentlemen of the House of Commons.

It is His Excellency the Governor General's will and pleasure, that this Parliament be prorogued until Saturday, the thirtieth day of June next, to be here held, and this Parliament is accordingly prorogued until Saturday, the thirtieth day of June next.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. " Au nom des Communes, je présente à Votre Excellence le bill suivant :

'Acte pour accorder à Sa Majesté certaines sommes nécessaires pour subvenir à certaines dépenses du service public, pour les exercices expirant respectivement le 30e jour de juin 1888 et le 30e jour de juin 1889, et pour d'autres objets liés au service public,'

que je prie humblement Votre Excellence de sanctionner."

A ce bill la sanction royale a été donnée dans les termes suivants :

" Au nom de Sa Majesté, Son Excellence le Gouverneur Général remercie ses loyaux sujets, accepte leur bienveillance et sanctionne ce bill."

Après quoi, il a plu à Son Excellence le Gouverneur Général de clore la DEUXIÈME SESSION DU SIXIÈME PARLEMENT de la PUISSANCE par le discours suivant :

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

En terminant la présente session du parlement, je désire exprimer mon appréciation de l'empressement et du zèle dont vous avez fait preuve dans l'accomplissement de vos devoirs publics.

La mesure pour la ratification du Traité des Pêcheries conclu au commencement de cette année entre les plénipotentiaires de Sa Majesté et ceux des Etats-Unis, à laquelle j'ai donné la sanction de la Reine, sera, je crois, reçue avec satisfaction par la population de tout le Canada comme offrant une preuve incontestable du désir constant du Canada d'arriver à un règlement équitable et honorable de toutes les questions découlant de l'interprétation de la Convention de 1818.

J'espère avec un certain degré de confiance que les différentes autorités dont la sanction du Traité est nécessaire à son opération, ne seront pas insensibles aux grands avantages qui découleraient pour les deux pays de la suppression d'une source aussi féconde d'aigreur et de ressentiment.

L'arrangement en vertu duquel la Compagnie du chemin de fer Canadien du Pacifique a renoncé aux privilèges exclusifs qu'elle possédait en vertu de la clause 15 du premier contrat passé entre Sa Majesté et la compagnie sera, je le prévois, accepté par tous, et, en augmentant ses ressources financières, il permettra à la compagnie de répondre et subvenir aux besoins toujours croissants de la vaste région que dessert son chemin de fer.

L'extension à la population des territoires du Nord-Ouest d'une plus grande autonomie que celle dont elle a joui jusqu'à présent est une preuve satisfaisante du rapide développement de cette importante portion de la Confédération, et aura, je l'espère, des résultats avantageux.

Je suis heureux de croire que la perspective d'une forte immigration d'une classe de colons désirables, est, cette année, plus grande que jamais.

Les différentes modifications apportées aux lois relatives au revenu de l'intérieur, aux chemins de fer, au service civil et à d'autres actes affectant les intérêts publics, que vous avez adoptées, semblent bien propres à répondre aux circonstances qui les rendaient nécessaires.

Messieurs de la Chambre des Communes :

Au nom de Sa Majesté, je vous remercie des subsides que vous avez volontiers votés pour les besoins du service public.

Honorables Messieurs du Sénat :

Messieurs de la Chambre des Communes :

Je ne puis me séparer de vous pour la dernière fois sans exprimer ici mon profond regret que mes relations officielles avec votre pays soient terminées. C'est une source de grande satisfaction pour moi de rappeler, dans cette circonstance, le fait que dans les quelques dernières heures vous avez bien voulu m'assurer de la faveur avec laquelle vous avez regardé mes efforts pour accomplir la tâche que m'avait confiée Sa Majesté.

L'intérêt que je porte au Canada ne cessera pas avec mon départ de ses rives, et je prie Dieu que dans l'avenir sa population puisse jouir en abondance de tous les bienfaits qu'il est au pouvoir de la Providence de lui accorder.

L'ORATEUR du Sénat alors dit :

Honorables messieurs du Sénat et Messieurs de la Chambre des Communes :

C'est le plaisir de SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL, que ce parlement soit prorogé jusqu'à samedi, le trentième jour de juin prochain, pour être tenu en ce lieu, et ce parlement est, en conséquence, prorogé jusqu'à samedi, le trentième jour de juin prochain.

ORDRE EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Mercredi, le 2e jour de mai 1888.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR la recommandation du Surintendant Général des Affaires des Sauvages, et en vertu des dispositions de l'article 41 du chap. 43 des Statuts revisés du Canada, intitulé " Acte concernant les Sauvages,"—

Il a plu à Son Excellence en conseil d'ordonner et il est par le présent ordonné, que les changements suivants dans les règlements fixant le mode de disposer des terres des Sauvages qui contiennent des minéraux autres que la houille, établis par arrêté en conseil du 1er octobre 1887, soient et ils sont par le présent approuvés et adoptés, en tant que les terrains miniers dans le district d'Algoma sont concernés.

1. Que la section 3 soit amendée en fixant l'étendue d'une concession de mine à 160 acres au lieu de 40 acres tel qu'y mentionné.

2. Que la section 7 soit amendée en établissant que dans les cas où l'arpentage n'est pas fait par l'acheteur, le dépôt pour l'arpentage d'une concession soit de $100 au lieu de $50 tel qu'y mentionné.

3. Que les sections 81 et 82 réservant à la couronne un droit régalien de quatre pour cent sur les ventes des produits des mines, et exigeant des rapports par le concessionnaire de tous les produits de la concession minière, soient annulées.

4. Que la formule "D" des dits règlements soit amendée en en retranchant la disposition qui concerne le paiement d'un droit régalien.

5. Que le prix du terrain sera de trois piastres par acre.

6. Que la 5e clause des dits règlements soit rescindée, mais que le droit d'acheter une concession soit limité à douze mois à compter de la date de l'obtention du reçu de l'agent, tel que pourvu dans la sous-section (*c*) de la section quatre.

Greffier du Conseil Privé.

ORDRES GÉNÉRAUX DE MILICE

QUARTIERS GÉNÉRAUX.

OTTAWA, 11 mai 1888.

ORDRES GÉNÉRAUX (10).

No. 1.

MILICE ACTIVE.

PUISSANCE DU CANADA.

RÈGLEMENTS POUR LES EXERCICES ANNUELS DE 1888–89

Les corps d'infanterie et d'artillerie de place ne devront pas être composés de plus de 42 sous-officiers et soldats par compagnie et batterie, y compris les sergents d'état-major et les musiciens.

Les batteries de campagne, 1 major, 1 capitaine, 1 lieutenant, 1 sous-lieutenant, 1 chirurgien, 1 vétérinaire, 1 sergent major, 1 sergent quartier maître, 4 sergents, 4 caporaux, 4 bombardiers, 1 trompette, 1 maréchal-ferrant, 58 canonniers et conducteurs et 29 chevaux, y compris les chevaux des officiers et des sous officiers.

Corps urbains et ruraux.

2. Le nombre maximum d'officiers, sous-officiers et soldats qui recevront paiement pour les exercices dans chaque district sera comme suit :—

District Militaire	numéro	1....	2512
do	do	2......	3772
do	do	3....	1928
do	do	4....	1164
do	do	5....	3076
do	do	6....	1300
do	do	7....	2028
do	do	8......	1378
do	do	9......	2005
do	do	10....	803
do	do	11....	270
do	do	12....	444
			20,689

L'effectif des corps autorisés à faire leurs exercices à leurs quartiers généraux dans chaque district sera déduit de l'effectif total autorisé à faire l'exercice dans le district, la balance représentera le nombre qui pourra être concentré dans un camp d'exercice.

La compagnie "A" de l'école d'infanterie se joindra au camp dans le Nouveau-Brunswick ; la compagnie "C" le camp à Niagara, Ont., et un détachement, de deux pièces, de la batterie "A," se joindra au camp dans les districts Nos. 3 et 4. Comme ces différents corps reçoivent paiement comme faisant partie de la force permanente il seront considérés comme formant une addition à l'effectif autorisé pour les districts 2, 3, 4 et 8, mais ne recevront aucune solde pour ce service.

Corps urbains.

Tous les *corps urbains* (à l'exception des batteries d'artillerie de campagne et les compagnies qui appartiennent à des batteries d'infanterie ruraux) pourront avoir la permission de faire douze jours d'exercice annuel à leurs quartiers généraux respectifs à l'époque qui leur conviendra le mieux avant le 1er décembre 1888.

La brigade du Nouveau-Brunswick et les batteries Nos. 1 et 2 d'artillerie de place, Lévis, seront considérées comme corps urbains pour les fins d'exercices

Toute compagnie urbaine formant partie d'un bataillon rural ne pourrra avoir la permission de faire les exercices pour lesquels il est accordé paiement, qu'en cas qu'elle aura été choisie et fera ces exercices au camp avec le bataillon auquel elle appartient.

Corps ruraux.

Le choix parmi les corps ruraux des différentes armes dans chaque district se fera en proportion de leur force respective. Les corps qui n'ont pas fait les exercices l'année dernière seront choisis les premiers.

Les corps, ainsi choisis dans les districts 1, 2, 3, 4, 5, 6, 7, 8 et 9 (non compris les compagnies d'infanterie isolées et des batteries d'artillerie de place, mais y comprenant les batteries d'artillerie de campagne qui ne sont pas exceptées spécialement,) seront concentrés dans un camp pour douze jours d'exercices, y compris le jour pour se rendre au camp et celui pour en revenir.

Les compagnies d'infanterie isolées ou du génie, ou les batteries d'artillerie de place, choisies pour faire les exercices annuels de 1888-89 pourront avoir la permission de s'exercer à leurs quartiers généraux respectifs aux mêmes conditions que les corps urbains.

Corps urbains et ruraux.

Les batteries d'artillerie de campagne de Sydney, Winnipeg et Montréal feront leurs exercices dans un camp près de leurs quartiers généraux, d'après les règlements applicables aux corps dans un camp d'exercice si ce n'est qu'il sera payé 25 cents par officier et soldat et 35 cents par cheval par jour pour tenir lieu du coût de transport, rations, fourrage, combustible pour cuisine et indemnité pour marmites.

La 1re brigade d'artillerie de campagne se joindra au camp de brigade du District No 2. L'effectif de ces deux batteries sera compris dans la quotité du district auquel ils appartiennent.

A l'exception de la batterie de campagne de Winnipeg, les corps choisis pour l'exercice dans les districts Nos 10, 11 et 12 feront leurs exercices à leurs quartiers généraux d'après les règlements applicables aux corps urbains.

Si on le préfère, les corps autorisés à faire les execices dans le district No 12 pourront s'assembler dans un seul camp d'après les mêmes reglements quant à la nourriture, etc., applicables aux batteries de campagne dans le paragraphe précédent.

Dans ce cas on n'accordera pas d'officier aux provisions. L'état-major sera composé de l'aide-adjudant général et du major de brigade.

L'aide-adjudant général de chaque district notifiera l'officier commandant de chaque corps choisi pour faire les exercices, de même que ceux qui ne pourront recevoir une solde, et enverra aux quartiers généraux un retour des corps qui auront reçu avis et de ceux qui ne pourront recevoir de solde ; avec aussi les détails des moyens employés par lui pour faire son choix.

Les corps qui n'auront pas été choisis et qui ne peuvent être payés sont, par le présent, relevés de l'obligation de faire les exercices pour l'armée 1888-89.

Etat-major et commandement

L'état-major de chaque camp d'exercice sera comme suit :—

L'aide-adjudant-général commandera, à moins qu'il soit autrement ordonné: l'état-major, 1 major de brigade, 1 officier préposé aux approvisionnements, 1 quartier-maître de camp (*fourrier*), 1 instructeur de mousqueterie, 1 officier médical principal, 5 sous-officiers d'état-major, et quand l'effectif du camp excèdera 1,500, 1 ordonnance.

Lorsqu'il y aura plus que quatre bataillons d'infantrie au camp ils devront être divisés, de temps à autre, pour l'exercice seulement, en deux brigades, et deux officiers, non nécessairement les plus anciens, choisis pour commander ces brigades a l'exercice.

Lorsqu'il y aura deux batteries ou plus au camp l'officier en commandement veillera à ce qu'elles soient en brigade et exercées ensemble sous les ordres du plus ancien officier d'artillerie, jusqu'à ce qu'elles soient en état de faire la manœuvre avec les autres armes.

Les cinq batteries d'artillerie au camp d'exercice de Niagara, seront embrigadées sous les ordres de l'Inspecteur d'artillerie et leur état-major se composera d'un major de brigade et trois sous-officiers. Les quatre batteries et le détachement de deux pièces d'artillerie au camp d'exercices des districts No 3 & 4 seront embrigadées sous l'assistant inspecteur d'artillerie avec un état-major semblable.

Tout l'état-major temporaire, devrait être choisi, si la chose est possible, ayant égard à l'intérêt du service, parmi les officiers des régiments campés, ce qui donnerait à quelques-uns de ces officiers l'occasion d'apprendre le service d'état major, et à d'autres d'apprendre celui du grade supérieur.

Il faudra porter attention à la propreté et au maintien des hommes. Les casquettes (*caps*) et les casques, (*helmets*) doivent être portés comme il convient ; les boutons et les agrafes perdus soigneusement remplacés.

Campements

Les dates des différents camps seront comme suit :—

District 1	19e juin, 1888.
2	12e do
3 & 4	19e do
5	26e do
6	26e do
7	3e juillet, 1888.
8	26e juin do
9	4e sept., do

En faisant le choix d'un endroit on devra d'abord considérer les qualités qu'offre cet endroit pour le campement, pour le mouvement des troupes, et pour les commodités de tir, puis prendre en considération la commodité de l'endroit quant à l'assemblée des différents corps.

Chaque camp doit avoir un champ de tir et ce qu'il faut pour la pratique du tir à la cible.

Les principaux points à observer sont :—

1o. L'instruction du tir.

2o. L'instruction des officiers et des soldats dans l'exercice en ordre ouvert pour l'escarmouche et pour l'attaque, d'après les règlements de l'exercice militaire (*Field Exercise*) de 1884, parties I, II et III. On ne consacrera que peu de temps, ou même aucun temps du tout aux défilés, qui sont de purs mouvements de parade et que l'on doit pratiquer avant ou après le rassemblement au camp.

Il ne sera permis à aucun officier ou soldat de résider ou de coucher hors du camp, si ce n'est avec la permission de l'officier commandant (qui devrait invariablement résider au camp lui-même)—permission qui ne devrait être accordée que dans un cas spécial.

Dans un camp il ne devrait y avoir (devant la tente de l'officier commandant) qu'un seul pavillon anglais, (*Union Jack*), qui devrait être hissé au lever du soleil et descendu à son coucher. Les régiments pourraient se servir de banderoles rouges portant leur numéro ou leur insigne et l'officier commandant en avoir une plus grande devant sa tente.

Les femmes, les amies ou enfants des officiers ou soldats ne seront logés en dedans des lignes d'aucun camp d'instruction.

TRANSPORT.

Les règlements relatifs au transport seront suivis en autant qu'ils peuvent être applicables à l'usage des camps d'exercices.

L'aide-adjudant général dans chaque district spécifiera les routes que les corps devront prendre aller et retour.

Les réquisitions de transport par chemin de fer ou bateau à vapeur, seront données par l'aide adjutant-général du district ; les comptes pour transport, relativement au prix et nombre de personnes, seront aussi contrôlés par lui.

Sauf exception, les officiers et soldats seulement se rendant au camp *bonâ fide* pour y faire leurs exercices seront transportés aux frais du public.

Les troupes de cavalerie et les batteries d'artillerie de campagne, dont les quartiers généraux sont à moins de 25 milles, et toute compagnie d'infanterie dont les quartiers généraux sont à moins de 6 milles du camp, marcheront pour s'y rendre.

Tout corps dont les quartiers généraux ne sont pas à plus de 6 milles des gares de chemins de fer ou quais de bateaux à vapeur, d'où il sera transporté, s'y rendra à pied.

Quant aux compagnies d'infanterie dont les quartiers généraux sont à plus de 6 milles de la gare de chemin de fer ou quai du bateau à vapeur qui doit les transporter, les officiers auront six centins et les soldats quatre centins par mille pour le nombre de milles nécessairement parcourus par chemin ordinaire de voiture, aller et retour.

Une pareille indemnité sera payée aux compagnies dont les quartiers généraux sont à plus de 6 milles du camp, pourvu qu'on ne puisse faire usage de chemin de fer ou bateau à vapeur pour aucune partie de cette distance.

NOURRITURE.

Les aides-adjudants généraux de district demanderont les soumissions qui auront été autorisées, et mettront à effet les dispositions relatives aux *Soumissions* des Règlements de 1887. Les soumissions devront être faites *en double* et adressées au ministre de la Milice.

RATIONS.

Comme la distribution des rations dans le camp ne commencera que le matin du jour qui suivra celui de l'arrivée, les corps qui s'y rendront devront se pourvoir de rations cuites et de fourrage pour toute une journée. Il sera payé en argent au lieu de rations pour le premier jour du campement vingt-cinq cents pour chaque officier et soldat et trente-cinq cents pour chaque cheval.

Si l'aide-adjudant général le préfère, il pourra accorder une demi-ration de nourriture et fourrage le premier et le dernier jour du camp au lieu d'une ration entière le dernier jour.

En sus de son fourniment ordinaire chaque officier et chaque soldat devra se procurer et apporter au camp, un couteau, une fourchette et une cuillère, une assiette et un gobelet de ferblanc ; chaque compagnie, un couteau et une fourchette à dépecer, une pelle et une hache ; chaque bataillon, des marmites de camp et les ustensiles nécessaires à la cuisine.

L'officier des approvisionnements se guidera sur les Règlements, 1887, en ce qui regarde les provisions qu'il recevra et délivrera. Les sous-sections 2, 3 et 4 du paragraphe 617 ne s'appliqueront pas aux camps d'exercice.

Le combustible pour la cuisine sera distribué d'après l'échelle insérée dans le paragraphe 649 des Règlements, 1887 ; et une indemnité de six piastres par troupe et compagnie, et dix piastres par batterie d'artillerie de campagne sera payée à chaque corps pour se procurer des marmites, si le département n'en a pas fournies.

Les arrangements pour la cuisine seront les mêmes que pour le service actif. Les poêles de cuisine ne devront pas alors être transportés au camp par aucun corps aux dépens du public.

A l'officier des approvisionnements il sera alloué une journée après la levée du camp pour régler ses comptes. Cependant cet officier ne devra pas négliger de faire en sorte que tous les comptes avec les pièces justificatives, de chaque jour, soient convenablement arrangés et complétés à la fin de cette journée.

TENTES ET COUVERTURES.

Les tentes nécessaires et une couverture pour chaque officier et chaque soldat seront fournies pour les camps du mois de juin. Dans le mois de septembre deux couvertures pour chaque officier et chaque soldat, seront fournies. Ces livraisons de tentes et de couvertures seront faites sur la demande de chaque officier commandant, d'après la teneur des paragraphes 743 à 753 des Règlements et Ordres, 1887.

Au quartier-maître du camp il sera alloué une journée avant l'ouverture et une journée après la levée du camp pour recevoir et délivrer les effets de campement, les renvoyer au magasin et régler ses comptes.

Le quartier-maître pourra se rendre une journée avant l'arrivée de son corps au camp pour y faire, d'après les instructions de l'aide adjudant général du district, les arrangements que nécessitera le campement de son corps. S'il est nécessaire il restera aussi une journée de plus en devoir après la levée du camp.

Si le temps est mauvais et que les tentes soient mouillées lors de la levée du camp, l'aide-adjudant général du district usera de sa discrétion sur les ordres à donner en ce qui regarde la protection des effets publics et leur renvoi dans le magasin militaire.

REGLEMENTS MEDICAUX.

Autant que possible, chaque officier, sous officier et soldat sera soumis à une inspection médicale avant de laisser les quartiers généraux du corps de milice auquel il appartient. Lorsque cette inspection n'aura pu se faire avant le départ, alors elle devra se faire aussitôt après l'arrivée au camp ; et il sera fait à l'officier commandant un rapport écrit et complet de chaque homme.

Cette inspection est exigée en vue de s'assurer, 1° si l'homme souffre dans le temps de quelque maladie, telle que rhumatisme, maladie des poumons ou du cœur, de quelque viscère de l'abdomen, ou de quelque espèce de maladie syphilitique ; s'il a la vue courte, s'il a quelque articulation affectée ; s'il a les pieds formés de manière à la gêner dans sa marche. 2° Si l'homme a quelque prédisposition à quelqu'une de ces maladie, ou en a récemment souffert ; enfin s'il y a chez lui quelque chose qui le rende ou qui pourrait le rendre impropre au service militaire.

S'il se trouve des hommes affectés comme susdit, ou ne devra pas leur permettre d'aller au camp, non plus d'y demeurer, tant pour leur propre bien que pour prévenir toute réclamation de compensation vis-à-vis le public pour cause de maladie, par des personnes qui ne sont aucunement propres au service militaire.

Le plus ancien chirurgien sera le chirurgien en chef. Il établira un hôpital dans lequel les patients du camps seront soignés par les chirurgiens de leurs corps respectifs. Ces chirurgiens recevront les médecines, etc., du chirurgien en chef à qui une boîte est confiée pour ce service.

Le chirurgien de chaque bataillon et batterie de campagne fera tous les matins un rapport de santé dont il transmettra une copie au chirurgien en chef qui tiendra registre des admissions et des libérations de tous les malades passant par l'hôpital selon la formule B (N° 283)

Chaque chirurgien en chef donnera un reçu pour tous les articles médicaux qui lui seront délivrés pour l'usage de la brigade et sera responsable du soin et de l'emploi de ces articles. Lorsqu'il sera relevé de son office il remettra dans les magasins du district toutes les médecines et les effets s'y rattachant qui qui n'auront pas été dépensés, fera une liste de ceux qu'il aura dépensés, et pour ce son reçu lui sera remis.

Le vin ou toute autre boisson spiritueuse qui pourra être prescrite en cas de maladie devra être payé par la personne qui s'en servira.

Les officiers médicaux ne devront faire pour le compte du gouvernement, aucune dépense sans autorisation préalable.

MALADIES OU ACCIDENTS.

Dans le cas de maladie ou d'accident sérieux le chirurgien en chef conjointement avec l'officier commandant le camp, prendront tous les arrangements immédiats qui pourront être nécessaires, envoyant le patient chez lui si possible, ou au plus proche hopital, et le chirurgien en chef fera sans délai un rapport minutieux de toutes les circonstances ayant trait au cas et l'adressera aux quartiers généraux.

MUNITIONS.

A chaque batterie d'artillerie de campagne il sera alloué 100 charges et à chaque batterie d'artillerie de place 20 charges à poudre seulement pour l'exercice et la pratique du tir.

Les munitions fournies antérieurement pour l'exercice et la pratique et qui n'ont pas été dépensées par les corps qui les ont obtenues doivent être déduites de la quantité de munitions autorisées pour cette année.

PRATIQUE DU TIR AU CANON.

1 obus shrapnel	4
Coups d'essai--bombe ordinaire tamponnée	9
Total	25

Les officiers ne sont pas éligibles comme compétiteurs, mais ils agiront comme instructeurs et prendront note du résultat du tir de chaque homme.

Le tir annuel des batteries de campagne aura lieu dans Ontario et Québec d'après des arrangements similaires à ceux en vigueur l'année dernière. L'inspecteur de l'artillerie prendra les mesures nécessaires à cet effet.

Corps armés de la carabine.

Il faudra porter attention au nettoyage des armes et de l'équipment pendant le séjour au camp.

Il sera alloué à chaque homme ayant reçu autorisation de s'exercer vingt cartouches à balle et vingt cartouches blanches pour la pratique, conformément aux paragraphes 437 à 446 inclusivement des Règlements de 1887.

Pratique du tir.

On ne peut donner trop de soin à la pratique du tir. Elle se fera dans chaque camp Elle démontre l'attention qu'on a porté à l'exercice de position et de pointage.

Les officiers de compagnie sont notifiés que le premier de ces exercices peut être pratiqué avec avantage tous les jours à la première parade du matin et lorsque les hommes sont au repos.

Tout soldat doit tirer sous la surveillance de l'instructeur de mousqueterie et en présence du plus ancien officier de la compagnie le nombre de cartouches à balle autorisées à cette fin, et personne ne pourra tirer plus que la part accordée par le gouvernement, savoir : vingt.

A la pratique du tir à la cible chaque soldat tirera 5 cartouches à 100 verges et 5 cartouches à 200 verges, debout, 5 cartouches à 300 verges à genoux, et 5 cartouches à 400 verges dans une position militaire quelconque. " Debout, " à " genoux " et " couché, " tel que défini dans l'exercice de position, sont les positions militaires reconnues.

A la fin du tir individuel une classification sera faite et ceux qui auront obtenu 40 points seront classés comme tireurs de premier ordre ; ceux qui auront obtenu 30 points et n'auront pas atteint 40 seront rangés dans la deuxième catégorie, et ceux qui ne parviendront pas à 30 points formeront la troisième catégorie. A 100, 200 et 300 verges la cible aura 4 pieds de largeur avec un blanc d'un pied de diamètre, 1 centre de 3 pieds de diamètre et *l'outer* (le dehors du tracé) comprendra le reste de la cible. A 400 verges la cible aura 6 pieds de largeur, blanc 2 pieds de diamètre, centre 4 pieds de diamètre et l'*outer* le reste de la cible.

Valeur des points. Outer, disque ou pavillon noir, 2 ; centre, disque ou pavillon noir et blanc, 3 ; blanc, disque ou pavillon blanc, 4. Le signal de danger ou pour cesser le feu sera dans tous les cas un pavillon rouge ; sous aucun prétexte on ne doit tirer lorsque le pavillon de danger est en vue à la butte du marqueur.

Personne ne doit charger son arme qu'au moment de tirer, et s'il est nécessaire, dans un but quelconque de cesser le feu, tout homme ayant un fusil chargé le déchargera aussitôt et restera ainsi jusqu'à ce que l'ordre de recommencer le feu ait été donné.

Examens.

Pendant les exercices l'officier commandant du camp devra éprouver les aptitudes des officiers de chaque corps pour l'accomplissement de leurs devoirs respectifs, c'est-à-dire les officiers de compagnie dans l'exercice de leur compagnie ou batterie, et les officiers supérieurs et adjutants dans l'exercice de leur batterie, bataillon ou brigade selon le cas. Les divers officiers seront invités séparément à donner les commandements, et à expliquer la nature des mouvements.

L'officier commandant du camps fera aux quartiers généraux un rapport confidentiel sur les capacités de de chaque officier, et le genre d'épreuve subie sera clairement expliqué.

Les questions imprimées déjà émises par l'inspecteur de l'artillerie seront employées par cet officier à l'inpection du corps d'artillerie.

Inspections.

Les aides-adjudants généraux enverront au quartiers généraux un rapport donnant les dates auxquelles les corps dans leurs districts respectifs auront terminé leurs exercices et seront prêts pour l'inspection.

L'inspection des corps de milice qui doit avoir lieu à la fin des exercices annuels se fera sur les lieux mêmes pendant les exercices du jour à l'exception des brigades d'artillerie de place, lesquelles se feront en lieu et date que l'on jugera le plus à propos. Cette inspection devra coïncider avec l'inspection et réunion annuelle de tout le corps sous l'état-major du district.

Aux inspections on attachera une grande importance à la propreté des armes, à l'ajustement convenable des fourniments du soldat, à la manière dont les gardes et les sentinelles remplissent leurs devoirs et à la connaissance que les officiers et les sous-officiers doivent avoir de leurs hommes aussi bien que de leurs exercices et de leurs devoirs.

Les officiers inspecteurs doivent veiller à la propreté de toutes les parties du camp et de ses environs et en faire rapport.

Avant de congédier les hommes on fera l'appel de tous les noms entrés sur le rôle de service, et cela en presence de l'officier inspecteur, qui, avant de certifier le bordereau, comparera ce dernier avec le rôle afin de s'assurer que chaque personne pour laquelle il est demandé paiement, a réellemet droit de recevoir le montant inscrit à la suite de son nom.

Solde.

Les corps urbains et autres qui font les exercices en vertu de règlements pour les corps urbains, recevront la solde nette affectée à leur grade respectif.

L'officier commandant de chaque camp recevra cinq piastres et tout autre officier faisant partie de l'état-major d'un camp recevra deux piastres et cinquante centins par jour pour subsistance, ainsi que fourrage gratuit et une piastre par jour pour un cheval s'il en est besoin pour l'accomplissement de ses devoirs comme officier à cheval.

Tout sous-officier faisant partie de l'état-major d'un camp d'exercice recevra une solde supplémentaire de cinquante centins par jour au lieu de rations.

Les officiers, sous-officiers et soldats de tout corps faisant ces exercices au camp recevront pour chaque jour d'exercice la solde nette de leurs rangs respectifs tel que porté aux paragraphes 865 et 866 des règlements de 1887. Il sera payé pour les chevaux des officiers et des troupes une piastre par jour en sus des rations gratuites (pour les officiers, sous-officiers et soldats) et fourrage gratuit (pour chevaux). Si la paille n'est pas requise on donnera l'équivalent en foin ou en avoine si on le demande.

Les quartiers maîtres des bataillons qui se rendront une journée d'avance au camp recevront une indemnité de une piastre par jour en sus de leur solde pour ce jour et le premier jour du camp. Ils recevront aussi une semblable indemnité pour chaque jour qu'ils resteront après la levée du camp d'après les instructions de l'aide-adjutant général du district. Il n'y aura pas de rations accordées pour ces jours ni indemnité en tenant lieu.

Les troupes de cavalerie ne se composeront que de 35 chevaux chaque,

Aucun officier à cheval ne pourra recevoir de solde que pour un cheval dont il se sert.

La solde pour chevaux devra comprendre les dépenses du ferrage pendant les exercices.

Tout officier ou soldat absent du camp sera privé de sa solde, indemnité ou rations pour tels jours d'absence.

On n'accordera pas de solde à aucune batterie d'artillerie de place, corps de génie, ou infanterie dans le cas où moins que deux officiers et 32 soldats en faisant partie n'aient participés aux exercices d'après les règlements.

Avant qu'un corps de milice puisse être payé l'officier commandant devra certifier le bordereau de paie déclarant que les officiers, sous-officiers et soldats pour qui paiement est demandé ont été *réellement présents* dans le corps de milice et qu'ils ont fait le nombre de jours d'exercice spécifiés en regard de leurs noms pour l'année 1888-89.

Les officiers d'état-major, les officiers commandants de toutes les armes, et les capitaines de troupes, batteries et compagnies sont priés de prêter une attention spéciale à la forme de certificats qu'ils doivent signer au bas des bordereaux. Le département les tiendra responsables de l'exactitude de ces bordereaux. Ils devront en conséquence voir à ce que chaque officier, sous-officier et milicien n'y figure que pour le nombre de jours d'exercice que chacun aura réellement fait durant l'année pour laquelle paiement est demandé. Tout individu qui n'aura pas fait le nombre de jours d'exercice autorisé pour le corps auquel il appartient ne sera payé que pour le nombre réel de jours d'exercice qu'il aura faits avec le corps dont il fait partie.

RAPPORTS.

L'officier inspecteur dans son rapport annuel devra spécifier qu'il s'est confirmé aux clauses de l'ordre ci-dessus.

Afin qu'un rapport complet sur les exercices et les instructions militaires pour l'année fiscale de 1888-89 puisse être présenté à temps au parlement, tous les exercices pour lesquels ils est accordé paiement devront être terminés avant le premier décembre 1888, et les rapports des aides-adjutants généraux *pas plus tard* que le cinq du même mois.

L'inspecteur d'artillerie s'arrangera pour faire une tournée d'inspection dans les Provinces Maritimes. Les batteries de place dans ces provinces devront compléter leurs exercices avant le 3 septembre.

Par ordre,

WALKER POWELL, Colonel,
Adjudant général de la milice,
Canada.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association (Limited)*, ont été donnés par la compagnie. Le dépôt de la compagnie, $51,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

[*Assented to Tuesday*, 22*nd May*, 1888.]

WHEREAS it is expedient to amend "*The North-West Territories Act*" as hereinafter provided: Therefore Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows :—

1. Sections seven, eight and ten and sections eighteen to twenty-five, both inclusive, of the Act cited in the preamble are hereby repealed.

2. There shall be a Legislative Assembly for the North-West Territories which shall have the powers and shall perform the duties heretofore vested in and performed by the Council of the North-West Territories, and shall be composed of twenty-two members elected to represent the electoral districts set forth in the schedule to this Act, and of legal experts, not exceeding three in number, appointed by the Governor in Council :

2. Such legal experts shall retain their seats for the whole term of the Legislative Assembly in the course of which they are appointed ; they may take part in the debates and shall have the like privileges as the elected members of the Legislative Assembly, except that they shall not be entitled to vote :

3. Any judge of the Supreme Court of the North-West Territories may be appointed as such legal expert and may receive the sessional allowance hereinafter mentioned, notwithstanding anything contained in section forty-four of the Act above cited :

4. In each session of the Legislative Assembly there shall be allowed to each member attending such Session the sum of five hundred dollars, and to each legal expert likewise attending the same two hundred and fifty dollars, together with his actual travelling expenses, payable out of the Consolidated Revenue Fund of Canada ; but such sessional allowance shall be subject to a proportionate reduction for any days on which any such member or legal expert does not attend a sitting of the Legislative Assembly during the session thereof ; and the amount of such reduction and also of the travelling expenses above mentioned shall be ascertained in such manner as the Governor in Council prescribes.

3. Every Legislative Assembly shall continue for three years from the date of the return of the writs for choosing the same and no longer ; and the first session thereof shall be called at such time as the Lieutenant Governor appoints.

4. There shall be a session of the Legislative Assembly at least once in every year, so that twelve months shall not intervene between the last sitting of the Assembly in one session and its first sitting in another session; and such Assembly shall sit separately from the Lieutenant Governor, and shall present Bills passed by it to the Lieutenant Governor for his assent, who may approve or reserve the same for the assent of the Governor General.

5. Until the Legislature of the North-West Territories otherwise provides, as it may do, the law in force therein at the time of the passing of this Act relating to the election of members of the Council of the North-West Territories shall, subject to the provisions of this Act, apply to the election of members of the Legislative Assembly.

12. Questions arising in the Legislative Assembly shall be decided by a majority of voices other than that of the Speaker, and when the voices are equal, but not otherwise, the Speaker shall have a vote.

13. The Lieutenant Governor shall select from among the elected members of the Legislative Assembly four persons to act as an advisory council on matters of finance, who shall severally hold office during pleasure; and the Lieutenant Governor shall preside at all sittings of such advisory council and have a right to vote as a member thereof, and shall also have a casting vote in case of a tie.

14. The Legislative Assembly shall not adopt or pass any vote, resolution, address or bill for the appropriation of any part of the public revenue, or of any tax or impost, to any purpose that has not been first recommended to the Assembly by message of the Lieutenant Governor in the session in which such vote, resolution, address or bill is proposed.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaire de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le ca de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association (Limited)*, ont été donnés par la compagnie. Le dépôt de la compagnie, $54,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association* (*Limited*), have been given by the Company. The deposit of the Company, $58,993 Canada 4 p. c. bonds is still in the hands of the Receiver General.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association* (*Limited*), ont été donnés par la compagnie. Le dépôt de la compagnie, $54,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

CHAP. 41.

An Act to amend the law relating to fraudulent marks on Merchandise.

[*Assented to Tuesday, 22nd May,* 1888.]

HER Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. This Act may be cited as "*The Merchandise Marks Offences Act,* 1888."

2. In this Act, unless the context otherwise requires,—

(*a.*) The expression "trade mark" means a trade mark or industrial design registered in accordance with "*The Trade Mark and Design Act*" and the registration whereof is in force under the provisions of the said Act, and includes any trade mark which, either with or without registration, is protected by law in any British possession or foreign State to which the provisions of section one hundred and three of the Act of the United Kingdom, known as "*The Patents, Designs, and Trade Marks* Act, 1883," are, in accordance with the provisions of the said Act, for the time being applicable;

(*b.*) The expression "trade description" means any description, statement, or other indication, direct or indirect,—

(1.) As to the number, quantity, measure, gauge, or weight of any goods, or—

(2.) As to the place or country in which any goods were made or produced, or—

(3.) As to the mode of manufacturing or producing any goods, or—

(4.) As to the material of which any goods are composed, or—

(5.) As to any goods being the subject of an existing patent, privilege, or copyright ;

And the use of any figure, word, or mark which, according to the custom of the trade, is commonly taken to be an indication of any of the above matters, shall be deemed to be a trade description within the meaning of this Act;

(*c.*) The expression "false trade description" means a trade description which is false in a material respect as regards the goods to which it is applied, and includes every alteration of a trade description, whether by way of addition, effacement, or otherwise, where that alteration makes the description false in a material respect ; and the fact that a trade description is a trade mark, or part of a trade mark, shall not prevent such trade description being deemed to be a false trade description within the meaning of this Act;

(*d.*) The expression "goods" means anything which is merchandise or the subject of trade or manufacture ;

(*e.*) The expression "covering" includes any stopper, cask, bottle, vessel, box, cover, capsule, case, frame or wrapper; and the expression "label" includes any band or ticket;

(*f.*) The expressions "person, manufacturer, dealer, or trader," and "proprietor" include any body of persons corporate or unincorporate;

(*g.*) The expression "name" includes any abbreviation of a name:

2. The provisions of this Act respecting the application of a false trade description to goods extend to the application to goods of any such figures, words, or marks, or arrangement or combination thereof, whether including a trade mark or not, as are reasonably calculated to lead persons to believe that the goods are the manufacture or merchandise of some person other than the person whose manufacture or merchandise they really are :

3. The provisions of this Act respecting the application of a false trade description to goods, or respecting goods to which a false trade description is applied, shall extend to the application to goods of any false name or initials of a person, and to goods with the false name or initials of a person applied, in like manner as if such name or initials were a trade description, and for the purpose of this enactment the expression " false name or initials " means as applied to any goods, any name or initials of a person which—

(*a.*) Are not a trade mark, or part of a trade mark, and—

(*b.*) Are identical with, or a colourable imitation of the name or initials of a person carrying on business in connection with goods of the same description, and not having authorized the use of such name or initials, or—

(*c.*) Are either those of a fictitious person or of some person not *bonâ fide* carrying on business in connection with such goods.

3. A person shall be deemed to forge a trade mark who either—

(*a.*) Without the assent of the proprieter of the trade mark makes that trade mark or a mark so nearly resembling that trade mark as to be calculated to deceive; or—

(*b.*) Falsifies any genuine trade mark, whether by alteration, addition, effacement, or otherwise;

And any trade mark or mark so made or falsified is, in this Act, referred to as a forged trade mark:

Provided, that in any prosecution for forging a trade mark the burden of proving the assent of the proprietor shall lie on the defendant.

4. A person shall be deemed to apply a trade mark, or mark, or trade description to goods who—

(*a.*) Applies it to the goods themselves; or—

(*b*) Applies it to any covering, label, reel, or other thing in or with which the goods are sold or exposed or had in possession for any purpose of sale, trade, or manufacture; or—

(*c.*) Places, encloses, or annexes any goods which are sold or exposed or had in possession for any purpose of sale, trade, or manufacture, in, with, or to any covering, label, reel, or other thing to which a trade mark or trade description has been applied; or—

(*d.*) Uses a trade mark or mark or trade description in any manner calculated to lead to the belief that the goods in connection with which it is used are designated or described by that trade mark, or mark, or trade description:

2. A trade mark, or mark, or trade description, shall be deemed to be applied whether it is woven, impressed, or otherwise worked into, or annexed, or affixed to the goods, or to any covering, label, reel, or other thing:

3. A person shall be deemed to falsely apply to goods a trade mark or mark, who without the assent of the proprietor of a trade mark applies such trade mark, or a mark so nearly resembling it as to be calculated to deceive; but in any prosecution for falsely applying a trade mark or mark to goods, the burden of proving the assent of the proprietor shall lie on the defendant.

5. Whenever a defendant is charged with making any die, block, machine, or other instrument for the purpose of forging, or being used for forging, a trade mark, or with falsely applying to goods any trade mark, or any mark so nearly resembling a trade mark as to be calculated to deceive, or with applying to goods any false trade description, or causing any of the things in this section mentioned to be done, and proves—

(*a.*) That in the ordinary course of his business he is employed, on behalf of other persons, to make dies, blocks, machines, or other instruments for making, or being used in making, trade marks, or, as the case may be, to apply marks or descriptions to goods, and that in the case which is the subject of the charge he was so employed by some person resident in Canada, and was not interested in the goods by way of profit or commission dependent on the sale of such goods; and—

(*b.*) That he took reasonable precautions against committing the offence charged; and—

(*c.*) That he had, at the time of the commission of the alleged offence, no reason to suspect the genuineness of the trade mark, mark, or trade description; and—

(*d.*) That he gave to the prosecutor all the information in his power with respect to the person by or on whose behalf the trade mark, mark, or description was applied,—

He shall be discharged from the prosecution, but shall be liable to pay the costs incurred by the prosecutor, unless he has given due notice to him that he will rely on the above defence.

6. Every person who—

(*a.*) Forges any trade mark ; or—

(*b.*) Falsely applies to goods any trade mark, or any mark so nearly resembling a trade mark as to be calculated to deceive ; or—

(*c.*) Makes any die, block, machine, or other instrument, for the purpose of forging, or of being used for forging, a trade mark ; or—

(*d.*) Applies any false trade description to goods ; or—

(*e.*) Disposes of, or has in his possession, any die, block, machine, or other instrument, for the purpose of forging a trade mark ; or—

(*f.*) Causes any of the things in this section above mentioned to be done,—

Is, subject to the provisions of this Act, and unless he proves that he acted without intent to defraud, guilty of an offence against this Act.

2. Every person who sells, or exposes for, or has in his possession for sale, or any purpose of trade or manufacture, any goods or things to which any forged trade mark or false trade description is applied, or to which any trade mark, or mark so nearly resembling a trade mark, as to be calculated to deceive is falsely applied, as the case may be, unless he proves—

(*a.*) That having taken all reasonable precautions against committing an offence against this Act, he had, at the time of the commission of the alleged offence, no reason to suspect the genuineness of the trade mark, mark, or trade description ; and --

(*b.*) That on demand made by or on behalf of the prosecutor, he gave all the information in his power with respect to the persons from whom he obtained such goods or things ; or—

(*c.*) That otherwise he had acted innocently,—

Is guilty of an offence against this Act.

7. Every person, other than the lawful owner of the bottles and proprietor of the trade mark hereinafter referred to, who sells, or exposes or offers for sale, or traffics in bottles marked with the trade mark of the owner thereof, and without the assent of such owner, is guilty of an offence against this Act.

8. Every person guilty of an offence against this Act is liable—

(*a.*) On conviction on indictment, to imprisonment, with or without hard labor, for a term not exceeding two years, or to fine, or to both imprisonment and fine ; and—

(*b.*) On summary conviction, to imprisonment, with or without hard labor, for a term not exceeding four months, or to a fine not exceeding one hundred dollars ; and in case of a second or subsequent conviction to imprisonment, with or without hard labor, for a term not exceeding six months, or to a fine not exceeding two hundred and fifty dollars :

2. In any case every chattel, article, instrument, or thing, by means of, or in relation to which the offence has been committed shall be forfeited.

9. If any person feels aggrieved by any conviction made by a court of summary jurisdiction, he may appeal therefrom in accordance with the provisions of "*The Summary Convictions Act.*"

10. Any offence for which a person is, under this Act, liable to punishment on summary conviction, may be prosecuted, and any articles forfeited under this Act may be declared forfeited under the provisions of "*The Summary Convictions Act.*"

11. Where a watch case has thereon any words or marks which constitute, or are by common repute considered as constituting, a description of the country in which the watch was made, and the watch bears no description of the country where it was made, those words or marks shall *primâ facie* be deemed to be a description of that country within the meaning of this Act, and the provisions of this Act with respect to goods to which a false description has been applied, and with respect to selling or exposing for, or having in possession for sale, or any purpose of trade or manufacture, goods with a false trade description, shall apply accordingly ; and for the purposes of this section the expression "watch" means all that portion of a watch which is not the watch case.

12. In any indictment, pleading, proceeding, or document, in which any trade mark, or forged trade mark, is intended to be mentioned, it shall be sufficient, without further description and without any copy or fac-simile, to state that trade mark, or forged trade mark, to be a trade mark, or forged trade mark.

13. In any prosecution for an offence against this Act,—

(*a.*) A defendant, and his wife or her husband, as the case may be, may, if the defendant thinks fit, be called as a witness, and, if called, shall be sworn and examined, and may be cross-examined and re-examined in like manner as any other witness ;

(*b.*) In the case of imported goods, evidence of the port of shipment shall be *primâ facie* evidence of the place or country in which the goods were made or produced.

14. Whenever upon information of an offence against this Act, a justice has issued either a summons requiring the defendant charged by such information to appear to answer to the same, or a warrant for the arrest of such defendant, and either the said justice, on or after issuing the summons or warrant, or any other justice, is satisfied by information on oath that there is reasonable cause to suspect that any goods or things, by means of or in relation to which such offence has been committed are in any house or premises of the defendant, or otherwise in his possession or under his control in any place, such justice may issue a warrant under his hand by virtue of which it shall be law ful for any constable named or referred to in the warrant to enter such house, premises or place at any reasonable time by day, and to search there for and seize and take away those goods or things ; and any goods or things seized under any such warrant shall be brought before a court of summary jurisdiction for the purpose of its being determined whether the same are or are not forfeited under this Act:

2. If the owner of any goods or things which, if the owner thereof had been convicted, would be forfeited under this Act, is unknown or cannot be found, an information or complaint may be laid for the purpose only of enforcing such forfeiture, and a court of summary jurisdiction may cause notice to be advertised stating that, unless cause is shown to the contrary at the time and place named in the notice, such goods or things will be declared forfeited, and at such time and place the court, unless the owner, or any person on his behalf, or other person interested in the goods or things, shows cause to the contrary, may declare such goods or things, or any of them, forfeited.

15. Any goods or things forfeited under any provision of this Act, may be destroyed or otherwise disposed of in such a manner as the Court, by which the same are declared forfeited, directs, and the Court may, out of any proceeds realized by the disposition of such goods (all trade marks and trade descriptions being first obliterated), award to any innocent party any loss he may have innocently sustained in dealing with such goods.

16. On any prosecution under this Act the Court may order costs to be paid to the defendant by the prosecutor, or to the prosecutor by the defendant, having regard to the information given by and the conduct of the defendant and prosecutor respectively.

17. No prosecution for an offence against this Act shall be commenced after the expiration of three years next after the commission of the offence, or of one year next after the first discovery thereof by the prosecutor, whichever expiration first happens.

18. On the sale or in the contract for the sale of any goods to which a trade mark, or mark or trade description has been applied, the vendor shall be deemed to warrant that the mark is a genuine trade mark and not forged or falsely applied, or that the trade description is not a false trade description within the meaning of this Act, unless the contrary is expressed in some writing signed by or on behalf of the vendor and delivered at the time of the sale or contract to and accepted by the vendee.

19. Where, at the passing of this Act, a trade description is lawfully and generally applied to goods of a particular class, or manufactured by a particular method, to indicate the particular class or method of manufacture of such goods, the provisions of this Act with respect to false trade descriptions shall not apply to such trade descriptions when so applied : Provided, that where such trade description includes the name of a place or country, and is calculated to mislead as to the place or country where the goods to which it is applied were actually made or produced, and the goods are not actually made or produced in that place or country, this section shall not apply, unless there is added to the trade description, immediately before or after the name of that place or country, in an equally conspicuous manner, with that name, the name of the place or country in which the goods were actually made or produced, with a statement that they were made or produced there.

20. This Act shall not exempt any person from any civil action, suit or other proceeding which might, but for the provisions of this Act, be brought against him:

2. Nothing in this Act shall entitle any person to refuse to make a complete discovery, or to answer any question or interrogatory in any action, but such discovery or answer shall not be admissible in evidence against such person in any prosecution for an offence against this Act:

3. Nothing in this Act shall be construed so as to render liable to any prosecution or punishment any servant of a master, resident in Canada, who *bonâ fide* acts in obedience to the instructions of such master, and, on demand made by or on behalf of the prosecutor, has given full information as to his master.

21. Every person who falsely represents that any goods are made by a person holding a Royal Warrant, or for the service of Her Majesty, or any of the Royal Family, or any Government Department of the United Kingdom or of Canada is liable, on summary conviction, to a penalty not exceeding one hundred dollars.

22. The importation of any goods which, if sold, would be forfeited under the foregoing provisions of this Act, and of goods manufactured in any foreign state or country which bear any name or trade mark which is or purports to be the name or trade mark of any manufacturer, dealer or trader in the United Kingdom or in Canada is hereby prohibited, unless such name or trade mark is accompanied by a definite indication of the foreign state or country in which the goods were made or produced; and any person who imports or attempts to import any such goods shall be liable to a penalty of not more than five hundred dollars, nor less than two hundred dollars, recoverable on summary conviction, and the goods so imported or attempted to be imported shall be forfeited and may be seized by any officer of the Customs and dealt with in like manner as any goods or things forfeited under this Act:

2. Whenever there is on any goods a name which is identical with or a colorable imitation of the name of a place in the United Kingdom or in Canada, such name, unless it is accompanied by the name of the state or country in which it is situate, shall, unless the Minister of Customs decides that the attaching of such name is not calculated to deceive (of which matter the said Minister shall be the sole judge) be treated, for the purposes of this section, as if it was the name of a place in the United Kingdom or in Canada:

3. The Governor in Council may, whenever he deems it expedient in the public interest, declare that the provisions of the two sub-sections next preceding shall apply to any city or place in any foreign state or country, and after the publication in the *Canada Gazette* of the Order in Council made in that behalf, such provisions shall apply to such city or place in like manner as they apply to any place in the United Kingdom or in Canada, and may be enforced accordingly:

4. The Governor in Council may, from time to time, make regulations, either general or special, respecting the detention and seizure of goods, the importation of which is

prohibited by this section, and the conditions, if any, to be fulfilled before such detention and seizure, and may, by such regulations, determine the information, notices and security to be given, and the evidence necessary for any of the purposes of this section, and the mode of verification of such evidence :

5. The regulations may provide for the reimbursing by the informant to the Minister of Customs of all expenses and damages incurred in respect of any detention made on his information, and of any proceedings consequent upon such detention :

6. Such regulations may apply to all goods the importation of which is prohibited by this section, or different regulations may be made respecting different classes of such goods or of offences in relation to such goods :

7. All such regulations shall be published in the *Canada Gazette* and shall have force and effect from the date of such publication.

23. This Act shall be substituted for chapter one hundred and sixty-six of the Revised Statutes, respecting the fraudulent marking of merchandise, which is hereby repealed.

NOTE — The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company. The deposit of the Company, $58,993 Canada 4 p. c. bonds is still in the hands of the Receiver General.

PROCLAMATION.

ATTENDU qu'il a gracieusement plu à Sa Majesté la Reine, par Commission sous le seing Royal, datée à Windsor le premier jour de mai, 1888, de me nommer Gouverneur-Général dans et pour la Puissance du Canada, pour et durant le bon plaisir de Sa Majesté, et qu'Elle m'a, de plus, dans et par la dite Commission autorisé et commandé d'exercer et remplir tous les pouvoirs et instructions contenus dans les lettres-patentes de Sa Majesté sous le grand sceau du Royaume-Uni de la Grande-Bretagne et d'Irlande constituant la charge de Gouverneur-Général, et datées à Westminster le cinquième jour d'octobre dans l'année de Notre Seigneur mil huit cent soixante dix-huit, suivant les ordres et instructions que le Gouverneur-Général de Sa Majesté alors en exercice dans et sur la dite Puissance du Canada a déjà reçus de Sa Majesté, ou qui m'ont été donnés avec la dite Commission, ou que je recevrai à l'avenir de Sa Majesté.

Par Son Excellence le Lieutenant Général Sir John Ross, Chevalier Commandeur du Très Honorable Ordre du Bain, Administrateur du gouvernement du Canada, et Commandeur des Forces de Sa Majesté en icelui, etc.

A tous ceux qui ces présentes verront, ou qu'icelles pourront concerner,—Salut :

PROCLAMATION.

Attendu qu'il a gracieusement plu à Sa Majesté par commission sous son Sceau et Seing Privé daté à Osborne House, Isle de Wight, le dix huitième jour d'août mil huit cent quatre-vingt-trois et dans la quarante septième année du Règne de Sa Majesté, de nommer le Très Honorable Sir Henry Charles Keith Petty-Fitzmaurice, Marquis de Lansdowne, durant bon plaisir, Gouverneur général de la Puissance du Canada.

3. Que la dite licence ne sera émanée que pour une année sur paiement d'un honoraire de quatre piastres ($4.00) laquelle peut être renouvelée annuellement sur paiement d'un honoraire d'une piastre ($1.00) pourvu qu'il n'y ait eu aucune violation des conditions de la dite licence.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto.

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

And it shall be the duty of all persons to whose knowledge any breach of this Regulation shall come, to report the same forthwith to the medical superintendent, who shall enquire into the facts alleged, and may suspend from his office any person so charged until the pleasure of the Governor General shall be known respecting the person so charged.

PRESENT :

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

ON the recommendation of the Minister of Agriculture and under the provisions of Chapter 69 of the Revised Statutes of Canada, known and cited as "The Animals Contagious Diseases Act" and section 93 of Chapter 32 of the said Revised Statutes, known and cited as "The Customs Act,"—

His Excellency in Council has been pleased to make and prescribe, and does hereby make and prescribe the following regulations for slaughtering and curing imported swine in bond—the "Health of Animals Order" remaining in force except in so far as the same may be inconsistent with the present Order.

JOHN J. McGEE,
Clerk, Privy Council.

Section 1. Swine may be imported into Canada for the purpose of being slaughtered; the importer shall enter the same for warehouse upon the usual form of such entries, stating upon its face the number, live weight and value of the herd, and the rate and amount of duty as prescribed by the tariff in force at the time of making such entry. Such importer shall then execute a bond to the Queen, with two sufficient sureties to the satisfaction of the Collector of Customs at the port where such carcasses are imported or warehoused, in double the amount of such duty; the condition of such bond shall be that upon due exportation within one year of the products of the swine so imported, slaughtered and cured in the form of pork, bacon, hams, shoulders and lard, or payment of the duty secured by the said bond, then the said bond shall be and become null and void, otherwise shall remain in full force and virtue.

Section 2. After the reception of the swine into the bonding warehouse or slaughterhouse, it shall not be lawful to remove any of them alive therefrom under any pretence or for any reason whatever.

Section 3. The product of such swine, after having been slaughtered, shall not be removed for any purpose from the bonding place, without a permit from the Collector or proper officer of Customs, as in the case of all other bonded goods.

Section 4. The bond given by the importer, as before specified, shall be cancelled upon payment of the current rate of duty imposed upon swine imported into Canada, or upon exportation of sixty-five per cent. of the live weight of the swine, weighing two hundred pounds and under, or of exportation of seventy per cent. of the live weight of the swine weighing over two hundred pounds as originally entered in the form of pork, bacon, hams, shoulders and lard; and if a less quantity than seventy per cent. i exported, then duty shall be paid upon the quantity defi cient, at the rate imposed upon the live animal, in proportion to value.

Section 5. Slaughtered swine may be imported to be cured and packed in bond and entered in the usual way for warehouse, and be placed in the premises established as a warehouse of this class for the special purpose of curing and packing. The weight and value of such carcasses shall be stated upon the face of the entry for warehouse, and the importer shall execute a bond to the Queen with two sufficient sureties to the satisfaction of the Collector of Customs at the port where such carcasses are imported or warehoused, in double the amount of duty accruing thereupon, to be calculated according to the highest rate of duty imposed by the tariff upon any part or parts of the said carcasses, conditioned for the due exportation of the same or payment of duty within one year from date of first entry.

Section 7. The meats being the produce of such carcasses, shall be calculated for exportation or duty as the case may be, after allowing in respect of meat in pickle a reduction of five per cent. from the original weight or weight for first entry, and these percentages may be deducted by compensation entries from the warehouse books at the time of each ex-warehouse entry, in proper proportions, and if any less quantity is exported than the original weight, less the allowance above specified, the duty shall be collected upon such deficiency at the rate of duty required at the time by law upon meats of the kind exported

Section 7. The live swine imported for slaughter and the swine carcasses introduced for curing and packing shall not be permitted to come in contact with Canadian animals.

Section 8. The cars, trucks and other vehicles employed in such traffic shall not be used for the transport of Canadian animals.

Section 9. The bonding places hereinbefore mentioned are hereby declared to be infected places, subject to such regulations as the Minister of Agriculture may see fit to adopt for the purpose of preventing the introduction of disease among the live stock of the country.

Section 10. The transport of the swine imported for slaughter and of the carcasses imported to be cured and packed, and every proceeding in relation to the said traffic shall be subjected to inspection and regulation in pursuance with the meaning of the "Health of Animals Order" aforesaid, under direction of the Minister of Agriculture; and the "General Disposition" being the 29th Section of the said Order, shall apply to the execution of the present Order

Section 11. The "Health of Animals Order" in so far as the same or any of its clauses may be inconsistent with the ten preceding sections of this Order is hereby declared to be rescinded.

Section 12. Swine may be imported at any Customs warehousing port of entry in Canada in bond, subject in all respects to the provisions in relation thereto contained in the "Health of Animals Order" aforesaid, and the eleven preceding sections of this Order.

IMPORTATION OF SWINE FOR BREEDING PURPOSES.

Section 13. Swine shall be admitted for breeding purposes only at the Quarantine station on the River St. Clair, closely adjoining the frontier of the United States at Point Edward.

Such swine for breeding purposes shall be subject to a quarantine of twenty-one days and to the regulations and restrictions contained in the "Health of Animals Order" aforesaid.

In order to insure that the animals imported are for *bona fide* breeding purposes, they shall consist of boars and sows and not of fattened hogs, and the importers of such swine shall be required to procure a certificate stating that they are intended for breeding purposes only, and that there is no disease among swine in the particular localities from which they come.

Sec. **9.** Should it be found necessary to destroy any of the said animals, or all or any portion of the articles used in the care of the said animals, such destruction shall take place under the orders and supervision of the superintending officer, and in the manner prescribed by him, but not unless permission to that effect has been previously given by the Minister of Agriculture.

Sec. **10.** The officers appointed to carry out the law and the foregoing regulations shall have free access to any boat, ship, vessel, car, van, or to any place where cattle, sheep or swine may be found, in order to inspect the same, and under instructions from the Minister of Agriculture, deal with infected animals and the articles employed in their service, in the manner contemplated by the Act, under the penalties prescribed thereby against any person contravening any of the provisions thereof, or of any regulations made thereunder.

Sec. **11.** The said inspector or officers may, if it be deemed necessary, order the cleansing and purifying of any infected place, vehicle or other article so inspected, and direct such precautionary measures to be taken as may by him or them be considered advisable, pending the decision of the Minister of Agriculture as to the ultimate disposal of such vehicle or other article.

Sec. **13.** The quarantine shall be under the care and subject to the orders of the officers appointed for that purpose, who shall have the general superintendence of the servants or other persons, and of all other matters connected therewith.

PART III.

Transit of Animals in Bond.

Sec. **14.** American cattle and swine, the importation and introduction of which are prohibited as ordered by Part I, section 2, may, nevertheless, be permitted to enter Canada in bond, at the Ports of Sarnia, Windsor and Amherstburg, to be conveyed, under surveillance and strict rules of isolation, through Canada to the American frontier, at Rouse's Point, St. Armand Station, Island Pond, the Suspension Bridge, (Niagara) and the International Bridge (Fort Erie); but no such transit shall be allowed, unless an agreement between the Minister of Agriculture and the railway company interested in and conducting such transit has been communicated to the collector of customs of each of the said ports or stations.

Sec. **15.** The transit of cattle and swine between the points mentioned in the next preceding paragraph, shall be subject to such regulations as the Minister of Agriculture shall prescribe, and in accordance with the arrangements which may be made between the said Minister and the Grand Trunk, the Great Western and the Canada Southern Railway Companies, for the proper carrying out of the present order, and the necessary measures to save the live stock of Canada from the dangers of contagion and infection.

Sec. **16.** Amongst other things, these arrangements of the Minister of Agriculture shall provide:—

Sec. **17**. Inasmuch as it is of absolute necessity, owing to the length of the trip on the Grand Trunk Railway, to provide for a place where American cattle and swine can be fed, watered and rested, it is ordered that the said resting place shall be established at the station of Lyn, in the Province of Ontario, where a double, isolated inclosure shall be provided by the railway company, selected, established and fitted to the satisfaction of the Minister of Agriculture, before the said company is permitted to transport American cattle or swine over their line. The said inclosure, besides other requisites, shall be provided with a high board fence and a vacant space around the said board fence, the said outside space to be also fenced, in order to prevent any approach to the inner inclosure ; the said inner inclosure shall be provided with a special siding, with two locked doors, for the admission and isolation, under key, of the cars or trucks carrying American cattle or swine in transit.

Sec. **18**. The two fenced inclosures mentioned in the next foregoing section, situated at the Grand Trunk Railway Station at Lyn, in the Province of Ontario, with all appurtenance therein, or things belonging thereto, are hereby declared to be infected places, in the meaning and for all purposes of "The Animal Contagious Diseases Act."

Sec. **19**. The inclosures through which American cattle and swine enter Canada, in transit at Sarnia, on the Grand Trunk Line, must be arranged, fitted and isolated in like manner, to the satisfaction of the Minister of Agriculture, and the said inclosures situated on the Grand Trunk Railway grounds, on the frontier, near Sarnia Station, in the Province of Ontario, with everything thereto appertaining, are also declared hereby to be an infected place.

NOTE.—The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. The deposit on account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association (Limited)*, have been given by the Company. The deposit of the Company, $58,993 Canada 4 p. c. bonds is still in the hands of the Receiver General.

PRÉSENT :

SON EXCELLENCE L'ADMINISTRATEUR DU GOUVERNEMENT EN CONSEIL.

SUR la recommandation du surintendant général des affaires des Sauvages et en vertu des dispositions de la 54ème section du chapitre 43 des Statuts Revisés du Canada, intitulé : “Acte concernant les Sauvages,”—

Il a plu à Son Excellence en Conseil d'ordonner, et il est par le présent ordonné, que les arrêtés du conseil du 26 mars, 1877 et du 9 août 1884, concernant l'enlèvement de bois sur les terres des Sauvages par des colons actuels, soient et ils sont par le présent rescindés, et que les règlements suivants soient adoptés en remplacement d'iceux :

1. Que les acquéreurs de terres appartenant aux Sauvages soient tenus de défricher cinq arpents au lieu de quinze. Aucun honoraire de licence ne sera imposé pour les dits cinq arpents et il ne sera pas chargé de droits sur le bois qui en aura été enlevé (le pin et l'épinette étant réservés), mais chaque acquéreur sera tenu au moyen d'une déclaration par écrit, lors de la vente, de déclarer qu'il a l'intention de devenir colon actuel, et d'obtenir de l'agent une licence pour couper le bois sur les dits cinq arpents.

2. Sur preuve, à la satisfaction de l'agent des Sauvages, au moyen d'un affidavit ou d'une déclaration d'après le Statut, de la part de deux personnes sûres et désintéressées, que l'acquéreur a défriché sur la terre achetée, au moins cinq arpents de terre prêts à être cultivés et entourés d'une clôture, et qu'il a bâti sur la dite terre une maison habitable de pas moins de 18 × 24 pieds, et qu'il demeure et qu'ils ont lieu de croire qu'il a l'intention de continuer à demeurer sur la dite terre, l'agent pourra lui accorder une

licence de colon, couvrant la terre comprise dans la vente à lui faite, et n'excédant pas la superficie mentionnée dans la clause première des règlements relatifs aux terres des Sauvages, savoir, 400 ou 640 arpents de terre selon le cas.

3. Que la dite licence ne sera émanée que pour une année sur paiement d'un honoraire de quatre piastres ($4.00) laquelle peut être renouvelée annuellement sur paiement d'un honoraire d'une piastre ($1.00) pourvu qu'il n'y ait eu aucune violation des conditions de la dite licence.

4. Il sera payé, sur le bois coupé en vertu de la dite licence, des droits selon le tarif suivant; tels droits ou la partie d'iceux qui sera nécessaire pourra être appliquée de la part de l'acquéreur, au paiement de la terre, et toute balance en plus de ce qui est nécessaire, sera placée au crédit des fonds des Sauvages.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association (Limited)*, ont été donnés par la compagnie. Le dépôt de la compagnie, $51,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.

Sec. **3.** All boats, ships and vessels of the class and description hereinbefore mentioned, as liable to make their quarantine at Grosse Isle shall anchor within the space included between Grosse Isle and a line drawn parallel to it, through the red buoy, to be placed as heretofore under the direction of the superintendent of pilots, and bounded on the east and west by lines drawn due south from the western extremities of Cliff Island and Grosse Isle. The island shall be so divided as to leave one portion thereof for the hospitals, and for the treatment and reception of those who are laboring under or who are threatened with any of the following diseases, namely: Asiatic cholera, fever, small pox, scarlatina or measles, or any other infectious and dangerous disease; and the remaining portion for the reception and accommodation of all passengers and other persons who shall be landed and detained upon the said island, who shall not labor under or be threatened with any of the said diseases, and no person or persons, unless on duty, shall be permitted to pass from one of the said portions of the said island to the other, unless they have passports signed by the medical superintendent.

Sec. **5.** The medical superintendent (or in case of his death, sickness or absence, the officer next in rank employed on the Island) shall enforce the said law and these regulations, and shall direct boats, ships or vessels to go to such place or places to perform quarantine, as it may be necessary to send them to. He shall direct all boats, ships or vessels, liable to perform quarantine, to be brought to anchor within the limits of the quarantine anchorage, and generally to do all that may be required to enforce rigid obedience to the said law and these regulations. He shall permit all passengers, or other persons landed on the said island, to be re-embarked or shipped on board any steamboat or other vessel when the vessel is in a fit state to receive them, and that they have been examined by him and found in a fit state for re-embarkation or for leaving the said island and that all such passengers and persons, with their luggage, have been washed, cleansed, and purified, and that there does not exist amongst those who are about to proceed, or leave the said island, any case or symptoms of Asiatic cholera, fever, small-pox, scarlatina or measles, or other infectious and dangerous disease.

He shall also go off to vessels bound to make their quarantine at Grosse Isle as aforesaid, and put the following questions to the masters or persons in charge, viz.:

1. What is your name and that of your vessel ?

2. From whence did you sail, and date ?

3. What is your cargo, and whence taken on board ?

4. At what place or places did your vessel touch in her voyage ?

5. Was such place or places, or any and which of them, infected with the cholera, plague, or any pestilential fever or disease ?

6. How many persons were on board when the vessel sailed ?

Cabin passengers ?
Steerage passengers ?
Crew ?

7. Have any person or persons during the voyage been infected ? or are there now any infected with the cholera, plague or any pestilential fever or disease ?

8. Did any person or persons, and how many die during the voyage, and from what distemper ?

9. Did you or any of the ship's company or passengers, with your privity, go on board any ship or vessel, or did any of the company of any ship or vessel come on board your ship in the voyage, and from what port did she sail last ?

10. Did you or any of your ship's company or passengers with or without your privity or consent, land at any place within Canada ?

11. Have you any person on board who is lunatic, idiotic, deaf and dumb, blind or infirm, and are such accompanied by relations able to support them ?

If the answers be satisfactory, he shall give a clean bill of health to the master or person in charge; and such vessels may then proceed to the harbor of Quebec. If the answers be not satisfactory, or the medical superintendent has any reason to suspect fraud on the part of the master or person in charge, crew or passengers, he shall immediately order the vessel to such place as may be appointed for vessels detained under quarantine of observation; he shall call for the ship's papers, passengers' lists and log books, and inspect them thoroughly so as to ascertain the whole of the occurrences during the voyage, and should he meet with any resistance, he will make such signal as may be determined on to show that assistance is necessary.

The medical superintendent shall also board all vessels he may consider necessary to inspect. He shall have charge of all vessels detained in quarantine. He shall direct, if necessary, all steerage passengers to be landed with their luggage, and shall superintend the cleansing and disinfection of vessels. He shall direct the number of passengers to be landed, distinguishing those who require to be treated for pestilential or infectious diseases, and who are to be landed at that part of the said island set apart for such treatment, from those who do not require such treatment, and who may be landed at that part of the said island set apart for the reception of the healthy and those free from pestilential or infectious diseases, and he shall be careful that all such persons shall be landed at such places respectively. He shall have medical charge of all cabin passengers who do not disembark, and who may be laboring under any other than pestilential or infectious disease; and shall order all passengers and persons on board any such ship or vessel who shall labor under any pestilential or infectious disease, to be landed with their luggage according to the foregoing regulation.

He shall give medical treatment on board in all cases of slight diseases which are not by these regulations specially required to be treated on shore, and when it shall be deemed advisable not to land the passengers on the said island. He shall whenever a vessel is cleansed, ventilated and purified, direct such vessel to receive on board the whole or any portion of the passengers, or whether the whole or any and which of the said passengers shall remain on the said island to proceed up the river by some other mode of conveyance, and he shall, so soon as the passengers are re-embarked on board their ship, or on board any ship or vessel leaving the said island, give a passport or clean bill of health to the master or person having such vessel in charge, to proceed to Quebec. He shall make returns of the vessels boarded by him as soon as possible after such vessels are visited.

The medical superintendent shall have charge of the hospitals. He shall receive into the hospitals set apart for the treatment of pestilential and infectious diseases, all persons laboring under or threatened with any such disease. He shall have the general superintendence and direction of everything relating to the sick. He shall visit and inspect all passengers who shall be landed from any vessel, and distribute them as he shall think expedient either on that part of the island appropriated for the treatment of pestilential or infectious diseases, or on the part of the said island appropriated to healthy passengers. Upon the recovery of persons treated for any such disease he shall, after due precaution, transfer such persons to the healthy part of the said island. GOVERNMENT HOUSE, OTTAWA.

TUESDAY, 29th day of May, 1888.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

ON the recommendation of the Minister of Agriculture and under the provisions of Chapter 69 of the Revised Statutes of Canada, known and cited as "The Animals Contagious Diseases Act" and section 93 of Chapter 32 of the said Revised Statutes, known and cited as "The Customs Act,"—

His Excellency in Council has been pleased to make and prescribe, and does hereby make and prescribe the following regulations for slaughtering and curing imported swine in bond—the "Health of Animals Order" remaining in force except in so far as the same may be inconsistent with the present Order.

JOHN J. McGEE,
Clerk, Privy Council.

Section 1. Swine may be imported into Canada for the purpose of being slaughtered; the importer shall enter the same for warehouse upon the usual form of such entries, stating upon its face the number, live weight and value of the herd, and the rate and amount of duty as prescribed by the tariff in force at the time of making such entry. Such importer shall then execute a bond to the Queen, with two sufficient sureties to the satisfaction of the Collector of Customs at the port where such carcasses are imported or warehoused, in double the amount of such duty; the condition of such bond shall be that upon due exportation within one year of the products of the swine so imported, slaughtered and cured in the form of pork, bacon, hams, shoulders and lard, or payment of the duty secured by the said bond, then the said bond shall be and become null and void, otherwise shall remain in full force and virtue.

Section 2. After the reception of the swine into the bonding warehouse or slaughterhouse, it shall not be lawful to remove any of them alive therefrom under any pretence or for any reason whatever.

Section 3. The product of such swine, after having been slaughtered, shall not be removed for any purpose from the bonding place, without a permit from the Collector or proper officer of Customs, as in the case of all other bonded goods.

Section 4. The bond given by the importer, as before specified, shall be cancelled upon payment of the current rate of duty imposed upon swine imported into Canada, or upon exportation of sixty-five per cent. of the live weight of the swine, weighing two hundred pounds and under, or of exportation of seventy per cent. of the live weight of the swine weighing over two hundred pounds as originally entered in the form of pork, bacon, hams, shoulders and lard; and if a less quantity than seventy per cent. i exported, then duty shall be paid upon the quantity defi s cient, at the rate imposed upon the live animal, in proportion to value.

Section 5. Slaughtered swine may be imported to be cured and packed in bond and entered in the usual way for warehouse, and be placed in the premises established as a warehouse of this class for the special purpose of curing and packing. The weight and value of such carcasses shall be stated upon the face of the entry for warehouse, and the importer shall execute a bond to the Queen with two sufficient sureties to the satisfaction of the Collector of Customs at the port where such carcasses are imported or warehoused, in double the amount of duty accruing thereupon, to be calculated according to the highest rate of duty imposed by the tariff upon any part or parts of the said carcasses, conditioned for the due exportation of the same or payment of duty within one year from date of first entry.

Section 7. The meats being the produce of such carcasses, shall be calculated for exportation or duty as the case may be, after allowing in respect of meat in pickle a reduction of five per cent. from the original weight or weight for first entry, and these percentages may be deducted by compensation entries from the warehouse books at the time of each ex-warehouse entry, in proper proportions, and if any less quantity is exported than the original weight, less the allowance above specified, the duty shall be collected upon such deficiency at the rate of duty required at the time by law upon meats of the kind exported

Section 7. The live swine imported for slaughter and the swine carcasses introduced for curing and packing shall not be permitted to come in contact with Canadian animals.

Section 8. The cars, trucks and other vehicles employed in such traffic shall not be used for the transport of Canadian animals.

Section 9. The bonding places hereinbefore mentioned are hereby declared to be infected places, subject to such regulations as the Minister of Agriculture may see fit to adopt for the purpose of preventing the introduction of disease among the live stock of the country.

Section 10. The transport of the swine imported for slaughter and of the carcasses imported to be cured and packed, and every proceeding in relation to the said traffic shall be subjected to inspection and regulation in pursuance with the meaning of the "Health of Animals Order" aforesaid, under direction of the Minister of Agriculture; and the "General Disposition" being the 29th Section of the said Order, shall apply to the execution of the present Order

Section 11. The "Health of Animals Order" in so far as the same or any of its clauses may be inconsistent with the ten preceding sections of this Order is hereby declared to be rescinded.

Section 12. Swine may be imported at any Customs warehousing port of entry in Canada in bond, subject in all respects to the provisions in relation thereto contained in the "Health of Animals Order" aforesaid, and the eleven preceding sections of this Order.

IMPORTATION OF SWINE FOR BREEDING PURPOSES.

Section 13. Swine shall be admitted for breeding purposes only at the Quarantine station on the River St. Clair, closely adjoining the frontier of the United States at Point Edward.

Such swine for breeding purposes shall be subject to a quarantine of twenty-one days and to the regulations and restrictions contained in the "Health of Animals Order" aforesaid.

In order to insure that the animals imported are for *bona fide* breeding purposes, they shall consist of boars and sows and not of fattened hogs, and the importers of such swine shall be required to procure a certificate stating that they are intended for breeding purposes only, and that there is no disease among swine in the particular localities from which they come.

Sec. **9.** Should it be found necessary to destroy any of the said animals, or all or any portion of the articles used in the care of the said animals, such destruction shall take place under the orders and supervision of the superintending officer, and in the manner prescribed by him, but not unless permission to that effect has been previously given by the Minister of Agriculture.

Sec. **10.** The officers appointed to carry out the law and the foregoing regulations shall have free access to any boat, ship, vessel, car, van, or to any place where cattle, sheep or swine may be found, in order to inspect the same, and under instructions from the Minister of Agriculture, deal with infected animals and the articles employed in their service, in the manner contemplated by the Act, under the penalties prescribed thereby against any person contravening any of the provisions thereof, or of any regulations made thereunder.

Sec. **11.** The said inspector or officers may, if it be deemed necessary, order the cleansing and purifying of any infected place, vehicle or other article so inspected, and direct such precautionary measures to be taken as may by him or them be considered advisable, pending the decision of the Minister of Agriculture as to the ultimate disposal of such vehicle or other article.

Sec. **12.** The expense of feeding, attending to, and of providing for any cattle, sheep or swine, detained in quarantine shall be borne by the owner thereof, with the exception of that for the use of grounds and shelters; and such cost, if incurred by the inspector of quarantine, shall be paid before the animals are permitted to leave the quarantine; and in case of refusal or neglect to pay the same, the inspector shall, on being so ordered by the Minister of Agriculture, cause the said animals to be sold to meet the said cost,—the balance, if any, to be handed over to the owner.

Sec. **13.** The quarantine shall be under the care and subject to the orders of the officers appointed for that purpose, who shall have the general superintendence of the servants or other persons, and of all other matters connected therewith.

PART III.

Transit of Animals in Bond.

Sec. **14.** American cattle and swine, the importation and introduction of which are prohibited as ordered by Part I, section 2, may, nevertheless, be permitted to enter Canada in bond, at the Ports of Sarnia, Windsor and Amherstburg, to be conveyed, under surveillance and strict rules of isolation, through Canada to the American frontier, at Rouse's Point, St. Armand Station, Island Pond, the Suspension Bridge, (Niagara) and the International Bridge (Fort Erie); but no such transit shall be allowed, unless an agreement between the Minister of Agriculture and the railway company interested in and conducting such transit has been communicated to the collector of customs of each of the said ports or stations.

Sec. **15.** The transit of cattle and swine between the points mentioned in the next preceding paragraph, shall be subject to such regulations as the Minister of Agriculture shall prescribe, and in accordance with the arrangements which may be made between the said Minister and the Grand Trunk, the Great Western and the Canada Southern Railway Companies, for the proper carrying out of the present order, and the necessary measures to save the live stock of Canada from the dangers of contagion and infection.

Sec. **16.** Amongst other things, these arrangements of the Minister of Agriculture shall provide:—

(*d.*) That no Canadian animals shall be carried at any time in the same train, in company with, nor in close proximity to American cattle or swine, and that no car or truck employed in the transit of American cattle and swine shall be used to carry, at any time, Canadian animals;

Sec. **17**. Inasmuch as it is of absolute necessity, owing to the length of the trip on the Grand Trunk Railway, to provide for a place where American cattle and swine can be fed, watered and rested, it is ordered that the said resting place shall be established at the station of Lyn, in the Province of Ontario, where a double, isolated inclosure shall be provided by the railway company, selected, established and fitted to the satisfaction of the Minister of Agriculture, before the said company is permitted to transport American cattle or swine over their line. The said inclosure, besides other requisites, shall be provided with a high board fence and a vacant space around the said board fence, the said outside space to be also fenced, in order to prevent any approach to the inner inclosure; the said inner inclosure shall be provided with a special siding, with two locked doors, for the admission and isolation, under key, of the cars or trucks carrying American cattle or swine in transit.

Sec. **18**. The two fenced inclosures mentioned in the next foregoing section, situated at the Grand Trunk Railway Station at Lyn, in the Province of Ontario, with all appurtenance therein, or things belonging thereto, are hereby declared to be infected places, in the meaning and for all purposes of "The Animal Contagious Diseases Act."

Sec. **19**. The inclosures through which American cattle and swine enter Canada, in transit at Sarnia, on the Grand Trunk Line, must be arranged, fitted and isolated in like manner, to the satisfaction of the Minister of Agriculture, and the said inclosures situated on the Grand Trunk Railway grounds, on the frontier, near Sarnia Station, in the Province of Ontario, with everything thereto appertaining, are also declared hereby to be an infected place.

Sec. **23**. The officers appointed to carry out the law and the present regulations shall have free access to any boat, ship, vessel, car, van, or other vehicle, or to any place where animals may be found, in order to inspect the same, and under instructions from the Minister of Agriculture, deal with animals having been exposed to disease or with diseased animals, and the articles employed in their service in the manner contemplated by the said Act, under the penalties prescribed thereby against any person contravening any of the provisions thereof or of any regulations made thereunder.

Sec. **24** The said inspectors or officers may, if it be deemed necessary, order the cleansing and purifying of any place, vessel, vehicle or other article having been made use of to receive or transport, or being about to receive and transport, animals, and direct such precautionary measures to be taken as may be considered advisable.

Sec. **25**. II. LIGHT ON PIPE ISLAND, NEAR MOUTH OF ST. MARY'S RIVER, MICHIGAN.

The United States Light-house Board has given notice, that on or about the opening of navigation in 1888, a fixed red light of the 5th order would be shown from the light-house recently erected on Pipe Island, near the Mouth of St. Mary's River, Michigan.

The apparatus will light 270 degrees of the horizon, and the focal plane is 37½ feet above the level of the river.

The light should be seen in clear weather, from the deck of a vessel 10 feet above the lake, 9¾ statute miles.

The structure is an octagonal tower of red brick, surmounted by a black lantern. A one-and-a-half story frame dwelling, painted white, stands about 50 feet from the tower.

The approximate position of the light-house, as taken from the Lake-Survey Charts, is as follows :

Latitude, 46° 01' (00") North.
Longitude, 83° 54' (00") West.

With Frying Pan Island light, this light forms a range for entering and leaving the St. Mary's River. It also marks a turning-point in the channel.

NOTE —The Citizens' Insurance Company of Canada has discontinued its Guarantee business and has reinsured its outstanding policies in the Guarantee Company of North America. **The deposit on** account of this branch is $11,000 Municipal Debentures still in the hands of the Receiver General.

The affairs of the *Briton Medical and General Life Association, London, Eng.*, are in litigation, orders having been made by Ontario and Quebec Courts, having for their object the winding-up of the affairs of the Company in Canada and the distribution of the deposit held by the Receiver General, which amounts to $103,370. The orders above referred to were both appealed; but the appeals have been withdrawn, and proceedings are now in progress for the winding up of the Company's Canadian affairs, and applications relating thereto are at present pending before the Courts at Montreal and Toronto.

The license of the *Hand in Hand Insurance Company* expired on the 31st March, 1887, and has not been renewed owing to the fact that under "The Insurance Act," the privilege of obtaining a Dominion license in the case of Companies having Provincial charters is restricted to Companies which transact the business of Life Insurance. The Hand in Hand continues to transact Plate Glass insurance in Ontario under Provincial license, but has ceased to transact business in the other Provinces of the Dominion. The deposit of $5,000 is still in the Receiver General's hands.

The Statutory notices of application for the withdrawal of the deposit of *The Briton Life Association* (*Limited*), have been given by the Company. The deposit of the Company, $58,993 Canada 4 p. c. bonds is still in the hands of the Receiver General.

HOTEL DU GOUVERNEMENT, OTTAWA.

Jeudi, le 7e jour de juin 1888.

PRÉSENT :

SON EXCELLENCE L'ADMINISTRATEUR DU GOUVERNEMENT EN CONSEIL.

SUR la recommandation du surintendant général des affaires des Sauvages et en vertu des dispositions de la 54ème section du chapitre 43 des Statuts Revisés du Canada, intitulé : "Acte concernant les Sauvages,"—

Il a plu à Son Excellence en Conseil d'ordonner, et il est par le présent ordonné, que les arrêtés du conseil du 26 mars, 1877 et du 9 août 1884, concernant l'enlèvement de bois sur les terres des Sauvages par des colons actuels, soient et ils sont par le présent rescindés, et que les règlements suivants soient adoptés en remplacement d'iceux :

1. Que les acquéreurs de terres appartenant aux Sauvages soient tenus de défricher cinq arpents au lieu de quinze. Aucun honoraire de licence ne sera imposé pour les dits cinq arpents et il ne sera pas chargé de droits sur le bois qui en aura été enlevé (le pin et l'épinette étant réservés), mais chaque acquéreur sera tenu au moyen d'une déclaration par écrit, lors de la vente, de déclarer qu'il a l'intention de devenir colon actuel, et d'obtenir de l'agent une licence pour couper le bois sur les dits cinq arpents.

2. Sur preuve, à la satisfaction de l'agent des Sauvages, au moyen d'un affidavit ou d'une déclaration d'après le Statut, de la part de deux personnes sûres et désintéressées, que l'acquéreur a défriché sur la terre achetée, au moins cinq arpents de terre prêts à être cultivés et entourés d'une clôture, et qu'il a bâti sur la dite terre une maison habitable de pas moins de 18 × 24 pieds, et qu'il demeure et qu'ils ont lieu de croire qu'il a l'intention de continuer à demeurer sur la dite terre, l'agent pourra lui accorder une

licence de colon, couvrant la terre comprise dans la vente à lui faite, et n'excédant pas la superficie mentionnée dans la clause première des règlements relatifs aux terres des Sauvages, savoir, 400 ou 640 arpents de terre selon le cas.

3. Que la dite licence ne sera émanée que pour une année sur paiement d'un honoraire de quatre piastres ($4.00) laquelle peut être renouvelée annuellement sur paiement d'un honoraire d'une piastre ($1.00) pourvu qu'il n'y ait eu aucune violation des conditions de la dite licence.

4. Il sera payé, sur le bois coupé en vertu de la dite licence, des droits selon le tarif suivant; tels droits ou la partie d'iceux qui sera nécessaire pourra être appliquée de la part de l'acquéreur, au paiement de la terre, et toute balance en plus de ce qui est nécessaire, sera placée au crédit des fonds des Sauvages.

NOTE.—La compagnie d'assurance des Citoyens du Canada a cessé de faire des opérations de garantie et a réassuré ses polices existantes dans la compagnie de garantie de l'Amérique du Nord. Le dépôt pour cette branche d'affaires est de $11,000 en bons de municipalités, somme qui est encore entre les mains du receveur général.

Les affaires de l'Association générale sur la vie *Briton Médical* de Londres, Ang., sont en liquidation, des ordres ayant été rendus par les cours d'Ontario et Québec, dans le but de régler les affaires de la compagnie en Canada, et la distribution du dépôt retenu par le receveur général, dépôt qui se monte à $103,370. Il y eu appel des deux ordres susdits, mais les appels ont été retirés, et des procédures se font maintenant pour régler les affaires canadiennes de la compagnie, et des demandes à cet effet sont à présent pendantes devant les cours de Montréal et Toronto

Le permis de la Compagnie d'assurance *Hand in Hand* est expiré le 31 mars 1887, et n'a pas été renouvelé parce que sous "l'Acte des assurances" le privilège d'obtenir un permis fédéral dans le cas de compagnies ayant des chartes provinciales est restreint aux compagnies qui font des opérations d'assurance sur la vie. La *Hand in Hand* continue les assurances sur glaces dans l'Ontario en vertu d'un permis provincial, mais a cessé de faire des opérations dans les autres provinces du Canada. Le dépôt de $5,000 reste entre les mains du receveur général.

Les avis exigés par la loi pour le retrait du dépôt de la *Briton Life Association (Limited)*, ont été donnés par la compagnie. Le dépôt de la compagnie, $54,993 obligations 4 p. c. du Canada est encore entre les mains du receveur général.
